R. V. Reddome, Lt. Col.
Conservator of Forests.

No. 284.

Deputy Conservator's Office
Cuddalore, 14th November, 1898

From,
The Deputy Conservator of Forests
South Arcot District
To, The Conservator of Forests
Cottacamund.

Sir,
I have the honor to apply for
a transfer of Rs. 160 from Heading I. a. to
Head VII (b) "Buildings," and beg you will
see fit to sanction same after perusing
following reasons.

2. There was an allotment of Rs. 100
one hundred to repair the old timber shed
Chenginn during past Official year, but
when examination came to be made for
that purpose that sum was found
insufficient, and since the wall in
end, used for Sandalwood was in
especially bad condition, it was pro-
posed to utilize the fund for building
a new Kutcha Forester's Office, and
Sandal Store Combined, and by letter
No. 16 of 15th January, 1898 I applied for
an addition of Rs. 50 which was
granted in your No. 1449 of 22nd Febry.
1898, but at close of the Official year
the roof still remained uncompleted.
3. In the Budget for this year
Rs. 160 is sanctioned under VII (b), of this
sum

1. To the Cans are atong Forests and 8000

Revenue 1898-99. No. 5202.

SUBJECT

Formulating for information

By the No. 1328 and 1329

22nd Nov 1898 to the Officer

in charge of the South Arcot

Forest Dept. Sanctioning

Sum of Rs. 160 (Rupees 160)

to the (b) under the Govt.

and works to be

26/11/98

Sum Rs. 40 was provided for a double tanna at Chengam, the remainder for 4 tannas at other points.

4. The plan for Forester's Office was originally mud brick and thatch roof, single room and all round verandah to protect walls from rain, but the weather was unseasonable and to secure the walls, burnt brick were used, then came the necessity for a sandalwood store and later again the chance of fire (brought prominently to notice by the burning of the Gungee Forest house) induced me to reject the thatch for a tiled roof, and the need for a tanna also caused a further change in dimensions so as to include it all under one roof.

5. The building now wants roofing, plastering, and the verandah foundations to complete it, wood and tiles and bricks are on the ground, also doors and windows; workmen and Chumans, a few cart loads of rough stone for foundations for verandah and nails for reapers, are wanting; the building is well done.

6. The sum expended from beginning to date has been

Rs. 150 in last official year and accounted by Bills.

100 in this official year not yet accounted by Bills.

Total.

2804
A

Total Rs. 250.
to this add 160 now asked for to
making 410 Complete.
Total Cost.

7. But the Rs. 100 expended in this year is Rs. 60 in excess of the Budget provision for Chengam building. The excess has been taken from the provision for other tannas under same sub-head; but owing to causes already known to you work has been retarded in the Trinmalai Range, and two of the proposed tannas will not be built this year; so fund provided for them, viz Rs. 60 may, I submit, be employed for Chengam building, and I require your authority to do so to adjust the excess above shown.

I have the honor to be,
Sd/- H. L. Wooldridge,
Deputy Conservator of Forests,
South Malabar District.
