SIR

In reply to your letter dated the 30th Ultimo No. 386 I have the honor to draw your attention to the Resolution of the Govt. of India, embodied in G.O. of the 15th February 1877 No 670 from which it will be seen that transfers from one main head of Service to another cannot be made without the sanction in each case, of the Government of India.

2. According to Rule, the transfer of Rs. 260 to III (a) "Conservancy" under it "Conservancy" and "Works" from VIII (b) "Compensation for lands" and "rights" is sanctioned. While the other transfers to III "Contingencies" cannot be made from the source pointed out by you, but they can be met from general savings under "Contingencies" in the Budget Estimate of the Current Official year. Sanction is accorded accordingly for Rs. 300 only as per margin. The office rent should be entered under its appropriate item, for which a provision of Rs. 36 is now made but it cannot be blended together with the figures under (b) "Carriage

From,
The Deputy Conservator of
Forests,
Kurnool Division.

To,
The Conservator of Forests
Ootacamund.

Sir,

Soon after assuming charge of the Division I intended reporting to you that I found the Budget allotments under III (b) and III (c) had been exceeded without sanction, the former by Rs: 41.12.7 and the latter by Rs: 1.4.6. But as it appeared the Rangers were due about Rs: 98 [illegible] to your notice. One thing and another however having come between the examination could not proceed as soon as I could have wished which has consequently delayed this report.

2. I have found that the amount due to the Western Ranger is Rs: 34.2.5, Rs: 2.5.6 on account of items expended between July and September on Service bearing Covers, and the remainder on the Carriage of his office records. The amount owing to the Eastern Ranger is Rs: 64.11.1 the whole of which appears to have been expended by him on Carriage of Records between the months

SUBJECT

Forwarding for information
Con Cy Letter No. 1231
Dated 22 Nov: 78 to the
Deputy Conservator,
Kurnool,
Cautioning a Ranger
for misconduct.

1 Ltr (2) Conservator of Forests Dy Ltr No.

of May and September.

These bills were it seems allowed to fall into arrears through the negli-gence of the late Head Clerk Gooroo-moorthy Iyer and latterly by his suc-cessor Ratha Krishnaiah for whom how-ever some allowance can be made see-ing that he was quite new to the duties and only held the appointment a short time.

3. The expenditure incurred in excess of the Budget allotments can be met from savings in the Division. Firstly from the allotment of Rs: 440. under VIII (b) which amount will not be required as the lands for which it was expected that compensation relinquished. Secondly from the allotment under VIII (e) as half of the grant will it is believed be sufficient to meet the purposes for which it was made and thirdly from the allotment under III under which heading Rs: 200 will be sufficient.

4. I beg to recommend the following transfers:

Out of Rs: 440 VIII (b) Rs: 80 to III (e).
Rs: 100 to III (b),
and Rs: 260 to I.

Out of Rs: 100 VIII (e) Rs: 50 to III (d) and
Out of Rs: 300 III Rs: 100 to III (b)

The extra grant as now applied for under III (b) is required partly to cover the extra expenditure of Rs: 41 and odd already incurred, and partly to defray the expenses that will be in-curred during the remaining portion of the year.

2895/4

That under III (d) with a view to meet the rent of the Office, Carriage & Stationery &c. for which purposes no sufficient provision was made.

That under III (e) for Official postage partly with a view to cover the extra expenditure and partly to meet future expenses.

That under I so as I may as an experiment sell some teak timber for sale.

I have had several applica-tions during the last fortnight to know if I would sell Teak timber, and in consequence I am anxious to make the experiment more particular-ly because I think if we neglect to cut and sell many ways and means are open to the people to help themselves. The depot system proved a failure because it appears too much timber had been cut for it at one time, a mistake which leads to mischievous results, as the na-tives prefer new, and unseasoned timber for which they will pay a high price rather than buy season-ed wood

wood at a less rate. I am confi-
-dent that Teak will find a
ready sale if not here at least
in Kurnool where I hear Mr.
Boileau sold about 25 logs within
a few days at Rs: 2 per foot. I shall
take care to fill no more than there
is a demand for and if this is kept
in view there will be a small show
of revenue against what obtains
now since the abolition of the
Depot and the inhibition to issue
licenses for teak.
