GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

25th November 1878, No. 964 I.

Irrigation.

Read the following papers :—

No. 124. From Major L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to the Joint Secretary to Government, Public Works Department, Irrigation Branch, dated Chepauk, 13th November 1878, No. 41 I.

ADVERTING to paragraph 1 of G.O., No. 816 I, of the 14th October last, I have the honor to inform you that at present I see no immediate prospect of placing the Capital and Revenue Accounts of the Kistna Delta System before Government.

2. The reason of this, as I have already stated to Government, is that the cost of the lands acquired for the works of the project, and the revenue surrendered in consequence, have not been communicated to me.

3. Moreover the District Engineer, Kistna, has not informed me definitively of the names of the component works of the system. This office knows the entire cost of the Irrigation Works in the district; but a large number of them being Ordinary Agricultural Works unconnected with the system, it has been necessary to send to the District Engineer lists comprising all of the works, and to ask him to distinguish therein one of these classes from the other. This was done on the 15th April 1878, but the lists have not yet been received back.

No. 333 I.

No. 124-A. *Note by the Chief Engineer for Irrigation.*

THE Examiner's letter No. 35 I of the 30th ultimo has been transferred to the Revenue Department for such orders as may be deemed necessary.

2. This office has been in correspondence with the District Engineer, Kistna, on the subject of preparation of lists of the component works of the Delta System, and it is expected that such lists will very shortly be submitted.

FORT ST. GEORGE,
15th November 1878.

(Signed) J. O. HASTED, Lt.-Col., R.E.,
Ag. Chief Engr. for Irrigation.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.

No. 125. ORDER THEREON, 25th November 1878, No. 964 I.

THE Collector of the Kistna District will be desired, in the Revenue Department, to report when the information required by the Examiner, Public Works Accounts, will be furnished.

2 PUBLIC WORKS DEPARTMENT, 25TH NOVEMBER 1878, No. 964 I.

2. The Superintending Engineer, First Circle, will require the submission of the lists of component works without further delay.
