Read the following paper :—

No. 128. Endorsement of the Acting Chief Engineer for Irrigation, dated Fort St. George, 18th November 1878, No. 335 I.

From G. T. WALCH, Esq., Acting District Engineer, Godavari, to the Chief Engineer for Irrigation, dated Dowlaishvaram, 31st October 1878, No. 2,467.

I HAVE the honor to forward, herewith, two bills, amounting to Rupees 415-2-1, for lands taken up for the tidal lock at Lutchmipallem on the Bank Canal together with a memorandum as required by G.O., No. 1,042, dated 15th April 1875, and Examiner's Memorandum G No. 15 C-B, of 19th September 1878, and to request you will be good enough to obtain the sanction of Government for the Examiner to pass the bills.

Two bills.
One memorandum to accompany the bills.
„ Examiner's Memorandum G No. 15 C-B.
„ statement.

2. I herewith send a statement showing the extent of land occupied by the Bank Canal, as per instructions contained in your memorandum No. 195 G D, of 29th October 1877, from which it will be seen that the total estimated amount of compensation for lands taken up for works under this canal is Rupees 4,420, or Rupees 1,920 in excess of the sanctioned estimate (Rupees 2,500), and this I trust the Examiner may be authorised to pass, being within 5 per cent. of the sanction for the canal.

SUBMITTED to Government.

2. The District Engineer, Godavari, submits a statement showing the extent of land occupied and to be taken up for the Bank Canal, Western Delta, from which it appears that the amount required for compensation is Rupees 4,420 against Rupees 2,500 provided in the estimate, the original estimate not having been as accurately prepared, as regards this item, as the present rules direct.

3. The excess expenditure being within 5 per cent. on the amount of estimates for the canal, it is recommended that the Examiner may be authorised to pass it.
