Reference on No. of 1898.

In replying the above should be quoted.

(LAND REVENUE.)

Read Government Order, Revenue Department, No. 6424 Mis. dated 14th December 1897; and the following reference thereon dated 18th December 1897:-

Referred to the Collector of Godavari for early report.

Read also letter from V.A. Brodie Esq., Collector of Godavari, to the Secretary to the Commissioners of Land Revenue, Madras, Ref. on C.No. 817-Ver, dated 20th April 1898.

Read also letter from the same officer, Ref. No. 817-Rev., dated 16th May 1898.

Reference No. 649 dated 13th June 1898

Submitted for the orders of Government with reference to C.O No. 6424 Mis., dated 14th December 1897.

2. In answer to the questions put by Government the Collector reports that the site on the parade ground recommended by him is not usually liable to inundation. It appears only to have been on two occasions, once for about a day in 1882 and again in 1895, when there were extraordinary floods in <sup>the</sup> Tammileru. The Collector states that on these occasions access to the site was only impeded for a few hours, and that even this trifling amount of inconvenience is not likely to be experienced in future, because the Railway authorities and the Public Works Department have done much to improve the means of discharging the Tammileru when in flood. It appears further that a site on slightly higher ground is available in the same locality

Ex. No 6424 of 14.12.97.

Read also B.B. Ref. No  $\frac{649}{13.6.98}$  L.R. (No 4320)

Note.

The papers read above relate to the selection of a site for the construction of the Dy Collector's office at Ellore, Godavari Dt. The site originally selected was the maidan <sup>(baraki ground)</sup> outside the fort. The Officers of the P.W. Dept. being however of opinion that the ground was low and <sup>liable to frequent inundation</sup> frequently flooded by the Sammleru and that the office, if built thereon, would always be damp, it was suggested that the Office may be built on a site inside the fort. The ~~whole~~ land within the fort ~~being~~ held by the ~~Christian~~ Church Mission Society on ~~a~~ a fifty years' lease, and it was therefore directed in No 1000 of 17.2.97 that it <sup>should</sup> be ascertained whether the Mission was willing to give up the <sup>land</sup> extent, and if so, on what terms.

-P

C7/7/98

Two sites were selected within the fort, but the Church Mission Society was not willing to part with either. The Collector, <sup>Mr. Brodie</sup> ~~therefore~~ <sup>was</sup> therefore considered that the site originally selected, viz, the parade ground, was the best and suggested that if the basement of the building <sup>was</sup> raised above the recorded maximum level of the Tammihau, the only objection to the site would vanish. The Superintending Engineer to whom the Col's suggestion was referred, having waived his objection to the parade ground site, the Board of <sup>recommended</sup> ~~suggested~~ that the Dy. Col's office may be built on the parade ground site originally proposed.

2. ~~Afterwards~~ The Govt. thereupon requested the Board of Res. to ascertain how often the and for what periods, the proposed site is usually flooded during the year, and whether access to it would much impeded by such flooding and whether the resultant damage

B.P.  $\frac{4144}{3.11.97}$  in  $\frac{6424}{14.12.97}$

GO  $\frac{6424}{14.12.97}$

its occupation unwholesome or to injure the foundation of the buildings to be erected. The Govt., at the same time, expressed the opinion that if as a result of ~~these~~ the enquiries instituted it should be decided that the site within the fort is really needed, it will have to be acquired under the Land Acquisition Act in the ordinary way by the purchase of the unexpired term of the lease, and suggested requested the Board of Res. to report whether the in- <sup>to the school & playground</sup> convenience, complained of by the Rev. Mr. Brown, Principal of the C.M.S. High School, ~~is~~ <sup>can</sup> cannot be minimised by moving the <sup>office</sup> site nearer to the Police Station or bringing it up close to the Dalul Culchun.

3. With its Props. read above, the Board of Revenue submits the Col's reply to ~~the~~ the said reference ~~is~~ <sup>is</sup> ~~referred~~ <sup>referred</sup>. The Collector, <sup>(Mr. Brodie)</sup> ~~stated~~ <sup>stated</sup> that the site on the maidan cannot

present before Govt. that the  
 By Coll's office may be  
 built on land outside  
 the fort and that no site  
 within it need therefore  
 be acquired, the question for  
 consideration will be 'on  
 which of the two sites should  
 the office be constructed,  
 the one already selected, or the  
 one opposite the D. P. W. Sub-  
 divisional Office, which  
 is reported by the Coll. to  
 be on high ground? The  
 suitability of the latter site for  
 the building purposes has not  
 been reported on by the P. W. D.,  
 but it presumably is fit,  
 as the D. P. W. Sub-divisional  
 office has been built on  
 adjoining ground. It is  
 submitted that the papers  
 may be communicated to  
 the P. W. D. with the request  
 that the more suitable of  
 the two sites may be selected  
 after inspection by the P. W. officers  
 and orders issued for the construction  
 could not be caught. It is  
 whether the result is done here  
 or not

Yes; and a <sup>map</sup> ~~plan~~ should  
 be put up showing  
 both sites & the  
 adjacent buildings.
