No. 137. Endorsement of the Consulting Engineer for Railways, dated Madras, 17th January 1878, No. 27.

From Major P. LAMBERT, R.E., Examiner, Guaranteed Railway Accounts, to the Consulting Engineer for Railways, dated Madras, 17th November 1877, No. 1,432.

I HAVE the honor to submit herewith the regular estimate of the cost of this Office for 1877-78 and the budget estimate for 1878-79, and to offer the following remarks on the differences in either case from the budget allotment for 1877-78.

2. The regular estimate for the current official year shows a net decrease of Rupees 975, due principally to the Assistant Examiner, 1st grade, having been transferred to Office of Examiner, Public Works Accounts, and an Assistant Examiner, 2nd grade, having been posted to this office in August last, and to an Accountant, 4th grade, and a Clerk on Rupees 35 having been only appointed in October last, against a provision made for them for the whole of the year. On the other hand, the excess against the item of "Travelling Allowances of Examiner and Assistants" is caused by the transfer of the Assistant Examiner above referred to from Oude and Kohilkund Railway.

3. The decrease in the budget estimate for the coming official year compared with budget and regular estimates of the current year is consequent on the provision of a smaller sum for the salary and allowances of the Assistant Examiner recently transferred. The small increases under the Head of Accountants are intended to provide for the annual increments to which they will be entitled for approved service.
