PUBLIC WORKS DEPARTMENT.

30th January 1878, No. 89 I.

Irrigation.

Account.

Read the following paper :—

No. 17 I.

No. 97. *Note by the Chief Engineer for Irrigation.*

The return of grants and expenditure on agricultural works for September 1877, received from the Examiner of Public Works Accounts, is submitted to Government with the following summaries of expenditure under the various fund heads and remarks thereon.

2. Capital Extraordinary—

	Rs.
Grants	3,75,087
Expenditure	79,064
„ normal average	1,87,543

Deducting the grants (Rupees 91,557 restricted from expenditure on the Kistna Delta and the Pennair Anicut Systems the normal average is Rupees 95,986; the actual expenditure still compares unsatisfactorily with this result. The attention of the District Engineers concerned has been already called to the fact.

G.O., No. 35 I, of 22nd May 1877.
G.O., No. 3,180, of 28th November 1876.

3. Capital Ordinary—

	Rs.
Grants	92,187
Expenditure	2,708
„ normal average	46,093

The amount provided on account of compensation for lands taken up for the Chembrambakum Tank Project absorbs more than three-fourths of the grant. The Superintending Engineer has been requested to state whether there is any probability of the same being utilized in the current year. In Godavery also the grant is intended to meet old claims for compensation for land, and as yet only Rupees 33 have been expended. In Kistna the lock sheds have not yet been commenced pending certain arrangements for similar huts in Godavery.

G.O., No. 522, of 16th February 1877.

4. Revenue, Extensions and Improvements—

	Rs.
Grants	35,294
Expenditure	9,793
„ normal average	17,647

The expenditure is very small and apparently inadequate.

5. Revenue, Miscellaneous and Repairs—

	Rs.
Grants	4,16,854
Expenditure	2,23,911
„ normal average	2,08,427

The expenditure is above the average.

6. Ordinary Agricultural—

Repairs.

	Rs.
Grants	10,30,636
Expenditure	4,01,582
" normal average	5,15,318

The expenditure is below the average, the cause of which has been explained in the review of the return for August, viz, the stoppage of expenditure from budget grants in famine districts.

Original Works—Major.

	Rs.
Grants	1,00,041
Expenditure	68,370
" normal average	50,020

The expenditure is satisfactory. In Coimbatore and Kistna nothing has been done. The District Engineer, Coimbatore, has been requested to state whether the grants will be required in the current year or not. In Kistna the works have been stopped for the rainy season; hence the short outlay.

Minor.

	Rs.
Grants	1,93,384
Expenditure	68,578
" normal average	96,692

The remarks in paragraph 5 under Repairs are applicable to this class of works also. Of the small grant for Malabar nothing has been utilized.

CAMP, GODAVERY, *Western Delta*, 11th January 1878.

(Signed) JOHN MULLINS, Colonel, R.E., Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.
