GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

5th February 1878, No. 215.

Municipal--Budgets.

Read the following papers:—

No. 42. *From J. H. MASTER, Esq., Collector and President of the Municipal Commission, Bellary, to the Chief Secretary to Government, dated Bellary, 2nd January 1878, No. 581.*

I have the honor to submit the supplemental Budget Estimates of the Adony Municipality for the official year 1877-78 with the Vice-President's covering letter, No. 89, dated 10th December 1877.

2. Owing partly to a sum of Rupees 2,587 having been realized above the anticipated opening balance of the current year, and partly to a sum of Rupees 2,463 which the Commissioners expect to be realized in excess of the estimates under certain heads of receipts, the preparation of this supplemental budget has been found necessary. The total excess amounts to Rupees 5,050, and the causes for these excesses have been fully explained by the Vice-President in the remark columns of the Statements VI-B and VI-A (Comparative Statement and Regular Estimate) which accompanied the last Budget for the ensuing year.

Rupees 5,050 for expenditure on Public Works).

4. As the number of pupils in the Telugu school has considerably increased, owing to the closing of certain pial schools, the Commissioners have resolved to employ an additional teacher on Rupees 10 a-month in order to lessen the heavy work of the last teacher.

ENCLOSURE No. 1.

From P. MANIKAM MOODALIAR, Vice-President of the Municipal Commission, Adony, to the President of the Municipal Commissions, Bellary, dated Adony, 10th December 1877, No. 89.

With reference to the last paragraph of my letter, No. 69, of the 13th ultimo, I have the honor to submit, herewith, the supplemental Budget Estimates of this Municipality for 1877-78, and to request that you will be good enough to transmit them for the sanction of Government.

2. The preparation of this budget has been found necessary owing partly to a sum of Rupees 2,587 having been realized over and above the anticipated opening balance of the current year as particularized in the margin, and partly to a sum of Rupees 2,463 expected to be realized in excess of the estimates under certain heads of receipts shown in the accompanying Statement I (Receipts). The causes for these excesses occurring have already been fully explained in the remark columns both of the Statements VI-B and VI-A (Comparative Statement and Regular Estimate) that accompanied the last year's administration report embodied in G.O., No. 2,286, dated 11th September 1877, and the Budget Estimates for the ensuing year. I have thought it unnecessary to reiterate the explanations. The total excess is Rupees 5,050, and is available for expenditure in this year.

3. The Commissioners have allotted a sum of Rupees 3,245 for expenditure under Grant I (Public Works), of which Rupees 105 are intended for the completion of the cattle-shed; Rupees 1,150 for the construction of masonry side-drains to certain portions of the roads and of a masonry culvert of one vent across the road from the town to Kellichpett, which is one of its

suburbs, and for pointing with chunam the stone revetment that was built in previous years in that locality; Rupees 1,850 for building stone revetments to the two large wells, as also parapet walls to the same to a height of 1½ feet; Rupees 140 for constructing twenty dust-bins; and Rupees 40 for attending to petty repairs of the drains.

4. Owing to the increase in the number of pupils in the Telugu school, consequent on the closing of certain pial schools by their managers, the Commissioners have, in their meeting held on the 29th November 1877, resolved to employ an additional teacher on Rupees 10 a-month, in order to relieve the last teacher of a share of his work, which is too heavy for one man. The necessity for other charges exhibited in Statement II (Expenditure) was fully detailed in the remark column of the Regular Estimate (Statement VI-A) spoken of in paragraph 2 of this letter. Thus the total expenditure amounts to Rupees 4,507, leaving a balance of Rupees 542. This amount when added to the difference between the current year's allotment (Rupees 11,000) for the dispensary building and the funded capital (Rupees 4,404) of that institution mainly accounts for the large balance with which the coming year is expected to open and the closing balance of this year's original budget which received the sanction of Government in their Order, No. 437, dated 6th February 1877.

5. In conclusion I beg to state that the Commissioners have, in anticipation of the sanction of Government, resolved to push on with the works at once, as otherwise there would be no time to spend the amount on the aforesaid works within the official year, which is fast drawing to a close.

No. 43.

ORDER THEREON, 5th February 1878, No. 215.

With his letter above recorded the President of the Adony Municipality submits

	rs.	supplemental estimates for the utilization
New Works	3,245	of a sum of Rupees 5,050, the receipt of
Repairs	50	which was not foreseen when the original
