*Proceedings of the Madras Government, Revenue Department,
24th March 1876.*

No. 236. Read the following Proceedings of the Board of Revenue, dated 11th March 1876, No. 705 :—

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 25th February 1876, No. 48 :—

With reference to the Board's telegram of the 23rd instant, I have the honor to forward the enclosed copy of a letter from the Sub-Collector, together with the statement which accompanied it.

2. The present system by which the Jegur Tank supplies water partly to the Depôt lands and partly to the lands of ryots, being productive of constant disputes, I arranged a meeting with the Sub-Collector, the Remount Agent, and the ryots at the tank, when I was last at Oosoor, when it was settled that the ryots should give up their right to the water in consideration of a compensation of Rupees 65 per acre. This is only Rupees 5 more than twenty times the difference between the average dry and wet rates under the Jegur Tank. Most of the ryots have agreed to the arrangement and have signed an agreement to that effect. There are some non-resident ryots who have not signed the agreement, and who have been represented by others, as will be seen from the remark column of the statement. I request the Board's instructions in these cases.

3. The lands are held on sixteen puttass and measure Acres 30.88 assessed at Rupees 171-2-0. The dry assessment on the above extent being Rupees 46-8-0, there will be an annual loss to Government of Rupees 124-10-0. I request sanction for the arrangement.

4. Colonel Drury, the agent, has expressed his readiness to pay the compensation, and since the receipt of the Board's telegram, I have requested the Sub-Collector at once to close with those Puttadars who are present, and put a stop to their taking any more water.

ENCLOSURE No. 1.

From F. WILKINSON, Esq., Acting Sub-Collector, to C. T. LONGLEY, Esq., Collector of Salem, dated Oosoor, 26th January 1876, No. 40.

With reference to your Extra No. 1, dated 24th instant, I have the honor to state that I have negotiated with the holders of wet land under the Jegur Tank who consent to their wet lands being transferred to the punjah (dry) head, provided they are paid Rupees 65 per acre as compensation.

2. The difference between the average dry and average wet assessment in the Jegur Village is Rupees 3, which multiplied by 20 (years' assessment) gives Rupees 60 per acre. The ryots stipulated for Rupees 5 more per acre for second crop, and as they would not consent to less, I was obliged to yield to their demand which seemed reasonable.

3. The accompanying statement shows the names of the Puttadars, their holdings, and the compensation payable; which amounts to Rupees 2,007-2-7.

4. The annual loss of revenue to Government by the transfer of the lands from wet to dry will be Rupees 124-10-0.

Collector.

ENCLOSURE No. 2.—Statement.

SUBMITTED to Government in continuation of the Board's Proceedings, dated 25th February 1876, No. 566.

2. The rate of compensation agreed upon appears moderate, and may be sanctioned.

3. As regards the non-resident land-holders who have not been represented by duly authorized agents, and who are not therefore bound by any informal agreement entered into by their relatives or the occupants, the Board consider that the formalities of Act X. of 1870 must be observed, if it is found impossible to obtain the consent of the registered owners.
