*Proceedings of the Madras Government, Revenue Department,
28th March 1876.*

No. 268. Read the following letter from Lieutenant-Colonel R. H. BEDDOME, Conservator of Forests, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, Fort St. George, dated Madras, 24th January 1876, No. 69:—

In forwarding the documents as per margin, I have the honor to request the sanction of Government for the payment of Rs. 930, being an excess actually expended over the sanctioned estimate for the improvement of the Forest Office at Salem.

Letter from Collector of Salem to the Board of Revenue, dated 12th January 1876.
Copy of letter from the District Engineer, Salem, to the Collector, dated 22nd December 1875, No. 239, with enclosures.

1 Detailed Estimate.
1 Abstract do.
1 Plan.
1 Site-plan.
1 Specification.
1 Comparative Statement.

2. By the G.O., No. 520, of the 3rd April 1875, it will be seen that Rs. 386 only are sanctioned for "Improvement," but the amount expended has been 1,316.

The District Engineer reports, in his letter now submitted, that the additional work in the revised estimate was carried out to meet the Collector's views expressed to him personally, and the Collector reports in his letter that the alterations which have been carried out were really called for; but it does not appear why, when a revised estimate was considered necessary, sanction was not at once applied for.

No. 269. ORDER THEREON, 28th March 1876, No. 431.

THE Government observe that the original estimates for the repair and improvement of the building purchased for the Forest Office at Salem amounted to Rs. 608, and were sanctioned in G.O., 3rd April 1875, No. 520. The present revised estimate is for Rs. 1,316; the balance requiring sanction is, therefore,

Rs. 708, not Rs. 930 as stated. The Conservator will explain why the amount Rs. 222 sanctioned for repairs is left out of account in the present estimate, and whether it has been expended or not.

2. The charge was originally proposed to be incurred from the allotment for Minor New Works and Repairs of Civil Buildings in the Provincial Budget, *vide* G.O., 19th April 1875, No. 220, Public Works Department. It will be considered in that department whether the further provision now required can be made from the same source.
