## PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from

the Surgeon General, Indian Medical Department, dated 4<sup>th</sup> February 1878, N. 66.

As the supply of Neilgherry Cinchona Bark powder is nearly exhausted and as fever still continues very prevalent in some districts, I have the honor to request, that orders may be issued by His Grace the Governor in Council for a further supply of 1500 being sent to the Principal Medical Storekeeper as early as possible.

2. The demands for the powder I may mention are increasing, and the reports as to its value in the treatment of fever are highly satisfactory.
