Irrigation.

Read the following paper:—

No. 30. From Captain G. T. SKIPWORTH, R.E., Assistant Secretary to the Government of India, Public Works Department, (Civil Works—Irrigation), to the Joint Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated 9th January 1878, No. 5 I.

In acknowledging the receipt of your letter of the 14th inst., in which you required by the Government of India to be directed to make the following remarks:

2. The objections that have been made to the increased cost of the project as estimated in Department letter No. 14 I, of the 7th inst., the Governor-General in Council is of opinion that it cannot be safely reduced below the 43½ lakhs mentioned.

3. Referring to Sir R. Temple's letter of the 14th inst., in which he states that he has placed before him the papers sent up, against the Government of India in Public Works Department, and that the net direct revenue of India estimate of about 1½ lakhs, Sir R. Temple also seems to think that the work of the tanks and channels could be profitably undertaken, and that the recommendation must, therefore, be taken. Sir R. Temple also states that the work of the tanks and channels could be profitably undertaken, and that the recommendation must, therefore, be taken. Sir R. Temple also states that the work of the tanks and channels could be profitably undertaken, and that the recommendation must, therefore, be taken.

4. I am to request that, with the Government of India may be informed of the operations; and, if so, to what extent.

5. The reference made* by the

Temple also seems to think that the work of the tanks and channels could be profitably undertaken, and that the recommendation must, therefore, be taken.

the 3rd March 1877 which accompanies the whole of the facts do not seem to me to have been written under the impression that the net direct revenue of India estimate of about 1½ lakhs, Sir R.
