GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

17th April 1878, No. 604.

Read the following paper :—

No. 205. Proceedings of the Board of Revenue, dated 25th March 1878, No. 809.

Read the following letter from J. A. DAVIS, Esq., Vice-President, Tuticorin Municipality, to J. B. PENNINGTON, Esq., President of the Municipal Commission, Tinnevely, dated Tuticorin, 21st February 1878, No. 25 :—

I HAVE the honor to request you will be so good as to obtain the sanction of Government for the transfer to the Tuticorin Municipal Commissioners of certain waste land specified in the accompanying plan registered as Gramanattam in consideration of their improving the site.

2. The land lies immediately to the north of the south cotton road at the southern end of the town, and in its present state is not only quite useless but is the cause of a great nuisance, being used by the adjacent house-holders as a latrine. The Commissioners have already, at their own cost, cleared the open space of prickly-pear, and they now propose to level it and form new streets with gravelled roads; and then, in order to recoup this expense, sell the remaining portion for house-sites. The removal of prickly-pear cost Rupees 72, the levelling and making of roads will cost about Rupees 700 or Rupees 800. The house-sites will probably realize Rupees 1,500, or even more. It is for the Government to settle, if they agree to make over the land, whether they will give the Municipality the benefit of the surplus proceeds, or not.

No. 162.

SUBMITTED for the favorable consideration of Government.

2. I think it would be desirable to make over all waste land within the Municipal limits to the Commissioners *on condition* that they do not sell any land till it has been properly raised and drained, and that no houses are allowed to be built except on a *well-raised basement*.

Revenue Board's Pro. 25th March
1878 No. 809.

The Vice President of Tuticorin
Municipality requests sanction
for the transfer to the Commissioners
of certain ^{specified} vacant Gramanattam
in consideration of their improving
the site. It is expected that the
improvements of the site, which
have been partly effected, will
cost about Rs 800, and the space
available for housesites in that
site will fetch Rs 1500 or even
more.

The President recommends
that "all waste land within the
municipal limits" may be made
over to the Commissioners on
certain conditions, but expresses
no opinion as to what should be
done with the sale-proceeds of
the housesites.

Not sanction on above
conditions

Not sanction the transfer
of this individual block
from the A. & C. Co. to
the Creditors proposed by
the Govt. for general use - the housesites.

The Government have already
declared that they are not pre-
pared to make over unreservedly
to municipalities all waste land
within Municipal limits and that
definite proposals will receive
favourable consideration.

The questions for disposal
are whether
