From

The Deputy Conservator of Forests  
Tinnevely

To

The Conservator of Forests  
Madras.

Sir,

In reply to para. 2 of your letter N<sup>o</sup> 1355 of the 22<sup>nd</sup> Instant, I have the honor to inform you that the 1715 Cubic feet of timber in store in the different depôts is almost entirely old deteriorated timber which I have not been able to sell off, unless I accepted such low rates as 6 or 8 annas per Cubic foot. If my timber revenue for the next two months is to be dependant on the sales of this timber I shall probably not realize more than one or two hundred rupees if as much, but any fresh timber that I may bring into the market will sell at once in fact I have one or two indents for timber on hand from some natives which I shall not be able to supply without further funds as I have only 415 Rs. in hand with which I can only bring down 474 cft. of timber at 14 Annas per cft.

2. I shall take care that I do not  
sell

fell more fresh timber than can and will be sold within the current official year.

3. The details of expenditure are as follows

To fell 2000 cubic feet of timber at 14 Rs per cft. — 1750  
 Amount in hand ————— 415  
 — do — applied for ————— 1335

4. With regard to para 3 I have shown in my letter N<sup>o</sup> 221 that out of the amount of Rs. applied for under I(c) I have already expended Rs. 140. Any expenditure incurred under the head of Bamboos is no loss, for a profit of Rs. 2 is made on every bandy load sold & there is no lack of demand for the article

5. For the extra 60 Rs. solicited I propose felling 4 bandy loads at Rs. 13 per bandy load. If no further allotment is made, the natives will have to do without bamboos for the next two months

6. The following are the details under which the extra grant under VIII (d) is solicited

|                                                                                          |                                  |       |
|------------------------------------------------------------------------------------------|----------------------------------|-------|
| The cost of the Fuel Reserves establishment comprising 4 Maistries at Rs. 15 each — 60 — | } amount expended up to November | 786 — |
| 3 Conservancy peons employed in the forest at 6 Rs each — 18 —                           |                                  |       |
| For further charges such as trimming, clearing, pruning, planting &c. — 42 —             |                                  |       |
| <u>120 —</u>                                                                             |                                  |       |

Provision made for the above for the remaining 4 months ————— 480 —  
 Total ————— 1266 —  
 Budget grant ————— 600 —  
 Amount applied for — 666 —

7. As instructed in para 4 of your letter under

under reply the charges shown under VIII (d) will be transferred to VIII (f) "Other Works".

8. I request that early sanction be accorded otherwise I must issue immediate instructions to stop felling and other operations on the budget grant will be exceeded.

I have &c.

Signed W. C. Hayne

Dy Conservator's Office, Camps.  
Courtallum 16<sup>th</sup> February 1898

From  
The Deputy Conservator of Forests  
Tinnevely  
To The Assistant to the Conservator of Forests  
Madras.

Sir,  
In reply to your letter of the 12<sup>th</sup> instant N<sup>o</sup> 68, I have the honor to state that since my letter N<sup>o</sup> 221 dated 22<sup>nd</sup> December 1897, applying for additional funds under A Conservancy and Works, I found that I could reduce the charges to 9,000 Rs. and accordingly telegraphed to you on the 14<sup>th</sup> instant, the latest estimate of the Working Charges.

2. The subjoined Statement shows the revised figures for the latest estimate telegraphed and the savings that can be effected to meet the increased charge for timber operations.

Office of Conservator of Forests,

Camp Kharapya 22 February 1918.

From

Lieut Colonel R. H. Beddome

To

W. C. Hayne Esquire

Conservator of Forests.

Deputy Conservator of Forests

Trinnevelly

SIR

I have the honor to acknowledge the receipt of your letter dated the 29<sup>th</sup> ultimo No 245 and 16<sup>th</sup> instant No 265 and to inform you that your application for transfer of funds for filling additional stock of timber and bamboos is reasonable and necessary and will be sanctioned from the sources shown in the margin.

2. The increased cost on account of up hoists of the tank bed fuel reserves for which additional funds are applied for, seems high as a large reduction could have been made in the strength of temporary Establishments employed on them. The additional provision of Rupees 666- will, however, be met from the savings under II "Timber & removed by Consumers"

3. Rupees 1000 advanced to you under instructions from the Accountant General

| To.                 | Amount |
|---------------------|--------|
| I (a) Timber        | 1200   |
| (c) Bamboos         | 200    |
| III (f) other works | 666    |

| From                                | Amount |
|-------------------------------------|--------|
| I (b) Strawed & Charcoal            | 900    |
| I (c) Grass and other minor produce | 10 25  |
| II Timber & removed by Consumers.   | 192    |
|                                     | 800    |

Enclosure No II
