G.O. No.	730	Press.
B.P. No.		Mis.
Dated	20-3-1878.	197.

Not to be folded or roughly handled

No. 105.

Ootacamund

5th January 1878.

To

The Conservator of Forests.

Ootacamund.

Sir

Under I. a. a. I received a sum of
 Rupees 1800 was allotted and sanctioned
 for working charges of my division for
 the current official year. This sum

From 1st April to 31st December 77

Paid for Carting 18,912 cft of Teak from Forest Depôts to Ootacamund & other Depôts	15,238-10-6
Cost of pulling & squaring 13,608 cft of teak @ 12-0-1 per cft	1275-12
Cost of sawing 13,544 cft of teak into 86,960 shingles @ 7½ Annas per 1000 shingles	652-3-2
Cost of General Supervision	714-5-2
Total Rs -	17,881-1-10

has been almost
 wholly expen-
 ded as will
 be seen from
 the marginal
 Statement.

2. The sanctioned estimate
 cannot meet certain charges which
 must necessarily be incurred hereafter.
 The sanctioned rate for carting teak
 from the several depôts from the Inu-
 dumallai & Benni forests is 10 Annas
 per cubic foot. This rate was meant
 to apply to carting from the nearest
 Inu dumallai depôt to which the logs
 from the more distant depôts had been
 intended to be dragged. It was not
 possible

possible to have all the logs so removed, as our elephants are only three and these were engaged in dragging and arranging the "refuse" logs which had been scattered all over the forests. Carting from the more distant depots was thus made necessary and the 10 Annas rate could not apply here. I have had to pay at 10 to 14 As. per Cubic foot according to the distance. The average carting rate has till now been about 3 Annas more than the sanctioned rate. Thus for 22,000 Cubic feet proposed to be carted this year an additional charge of about $22,000 \times 3$ As. or 4125 Rupees should be incurred. A grant of 4,000 Rupees from the general savings of the department will meet this deficiency, and I beg to apply for the grant.

3. Under "II" Timber and other produce removed from the forests by Consumers or purchasers, the amount sanctioned is Rupees 2,700. Judging from the actuals of the past months, and those of the previous year, I find I can reduce the estimate to Rupees 2,000 leaving a saving of Rupees 700.

⑧ Rupees 400 will be necessary under I. C. Firewood & charcoal in

⑩ Felling 200 handy logs @ 6 Annas per load Rs. 750
Carting 20 @ 14- per load 850
Pay of men for 2 months 50
Carting the heavy logs 60
405

in Connection with the Firewood depot which can be opened only hereafter as we had unusual rains of late and carting operations were thus rendered inconvenient.

Under VIII f. other works (a heading that did not appear in the old Budget an expenditure of Rupees 300 has been necessary. I accordingly request a transfer in the above proportion of the 700 Rupees (savings under II) to I. C. Firewood and charcoal and VIII f. other works.

I have the honor to be
Sir

Your most obedient servant

No. 112.
From, Major R. S. Jago,
Deputy Conservator of Forests,
Ootacamund.

To, The Conservator of Forests.

Sir,

With reference to your letter No. 1327
of the 17th instant, I have the honor to
inform you that there is sufficient
stock of timber in the Ootacamund
Depot to meet the indent of the D.P.W.
for the current Official year. I thought
it necessary to cart 2,200 cubic feet
as entered in the current year's
budget with a view to lay in a store
of timber in the Ooty Depot to meet
the requirements of the D.P.W. for
the next Official year, the carting
season continuing only till April
or May next and not beginning
again till November 1898.

As I now understand that
there are no savings available from
other divisions to meet the addi-
tional grant applied for by me,
I shall arrange with the Carting Con-
tractor to take payments after the
commencement of the next official
year

Year for any quantity which he may cart this year, but on any account a sum of Rs. 1000 at least, will be necessary to give him in advance. I propose to meet this by a transfer of another 500 Rs. from II "Timber &c. removed from the Forests by Consumers &c" and the remaining 500 Rs. from VIII (d) "Plantation".
 I beg sanction for this transfer in addition to those applied for in the concluding para of my letter No. 105 dated 5th January 1878.

The subjoined statement clearly represents the redistribution of funds now proposed by me.

Savings expected from	To be transferred to	Rs.

SIR

In reply to your letter dated
22nd ultimo No. 113, I have the honor
to inform you that sanction is granted
for the transfer of funds proposed
therein as shewn in the margin.

Savings expected from.		To be transferred to.		The sum of Rs. 400 applied for under

I(b) "Firewood and Charcoal" for meet-
ing the cost of opening a firewood
Depot in Coiy seems rather high as
the year has nearly come to a close.
