Escheat Establishment in this district, accorded in G.O., dated 27th April 1875, No. 659, terminated with last month; and to request that Government may be moved to sanction the continuance of the marginally noted staff for a term of one year, at a cost of Rupees 234 per mensem.

2. The divisional officers are unanimous in their opinion as to the necessity for continuing the temporary establishment for a further period, and I fully concur with them, as much remains

to be gone through, from which it will be seen that lands valued approximately over 4½ lakhs of rupees still remain to be dealt with in the district. Most of these cases are involved in dispute, and their settlement will entail no little amount of time, labor, and reference to voluminous old records.

3. The balances to be collected aggregate Rupees 9,76,487, of which Rupees 8,28,880 represent the kists in arrears on account of lands sold; the balance of Rupees 1,47,607 indicates the instalments that will fall due later on.

4. As remarked in the last report, the preparation of the new forms of deeds sanctioned in G.O., dated 16th December 1873, No. 1,436, entails additional labor on the Escheat Establishment. One hundred and twenty-seven such documents were executed during the past year for a sum of Rupees 26,663.

5. It will be observed that the establishment now applied for costs Rupees 6 less than that entertained for the past three years. The saving represents the pay of a peon employed in the Kurumbranad Taluq, whose services have now been dispensed with, as the work of collection in that locality can conveniently be taken in hand by the regular establishment.
