*Proceedings of the Madras Government, Revenue Department,
9th June 1876.*

Read the following papers:—

No. 76. Endorsement of the Secretary to Government, Public Works Department, dated 5th May 1876, No. 769.

Read the following letter from Major J. N. R.E., District Engineer, Salem, to Major-General G. W. Walker, Chief Engineer, Public Works Department, dated Yerkaud No. 22.

WITH reference to G.O., No. 220, dated 9th April 1875, I have the honor to inform you that the estimate for converting the old Forest Office at Salem into a dwelling house was submitted for the sanction of Government through the Collector, who returned it to me "with an intimation that the Government have sanctioned the estimate, but the Board of Revenue have directed that, as no funds are available for the work in the Forest Budget of 1875-76, it should lie over till next year."

2. It was originally proposed that this building should be rented to the Forest officers of the district; and I doubt whether, under this circumstance, it should be classed as "Forest Public Works," and the outlay on its repairs and improvements be met from the Imperial Fund with reference to G.O., No. 144, dated 21st January 1876.

3. The front verandah of the building in question is in a very dangerous state, for the repair of which an estimate of Rs. 150 has been prepared. There being no grant under the head "Repairs, Forest Public Works," in the Imperial Budget of the current official year, I beg to request that an allotment may be granted, so that the required repairs may be executed before monsoon sets in.

—

REFERRED to the Revenue Department for provision of funds to admit of the work being carried out by the Public Works Department in the manner laid down in the orders of the Government of India recorded with G.O., No. 144, dated 21st January 1876.

2. There are no funds available in this department under Forest Public Works.

(Signed) G. W. WALKER, Major-General, R.E.,
Secretary to Government, P.W.D.

No. 3,096.

REFERRED to the Conservator of Forests for reply through the Accountant-General, as to the source from which the emergent expenditure can be met.

OOTACAMUND, 8th May 1876. (Signed) D. F. CARMICHAEL,
Secretary to Government, P.W.D.

No. 77. From E. RULE, Esq., Officiating Accountant-General, Madras, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Fort St. George, 31st May 1876, No. 155.

WITH reference to your endorsement, No. 3,096, dated 8th May 1876, I have the honor to forward a letter (in original) from the Conservator of Forests, and to observe that as that officer states that the cost of the conversion and repairs of the Forest Office at Salem into a dwelling house can be met from General Savings in the Forest

Budget for the current year under "Conservancy and Working," the Public Works Department may be requested to debit the cost to the Civil Department when correspondence will be afforded to the Public Works Department, by transfer, in office.

No. 78. From R. H. BEDDOME, Conservator of Forests, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Ootacamund, 29th May 1876, No. 721.

With reference to your endorsement, dated 8th instant, No. 3,096, on a letter (herewith returned) which was addressed to the Chief Engineer, Public Works Department, by the District Engineer, Salem, dated 28th ultimo, No. 22, I have the honor to state that, agreeable to paragraph 2 of G.O., dated 3rd April 1876, No. 520, no estimate appears to have been submitted by the Public Works Department regarding the conversion of the Forest Office at Salem into a dwelling house; but from paragraph 3 of Mr. Longley's letter to the Board of Revenue, embodied in the Government order above referred to, I perceive that the estimate for the works in question amounts to Rs. 1,110. If this sum, together with Rs. 150

* Paragraph 3 of the District Engineer's letter. proposed* to be expended for repairing the front verandah of the building, be considered by Government in the Public Works Department to be sufficient for the execution of these works, I beg to suggest that the whole amount be met from General Savings under "A. Conservancy and Works," as no provision was made for "Petty Construction and Repairs" in the Budget-estimate of the Salem Forest for 1876-77.

2. With reference to the remarks made by the District Engineer in paragraph 2 of his letter, I beg to suggest that, in accordance with the Resolution of the Government of India recorded in the Proceedings of Government, Public Works Department, dated 21st January 1876, No. 144, the building in question should come under "Forest Public Works," and the charges thereof be met from the "Imperial Fund," to which the rent to be paid by the Forest officer should be credited.

No. 722.

SUBMITTED to the Secretary to Government, Revenue Department, through the Accountant-General, with District Engineer's letter, dated 28th April 1876, No. 22.
