*Proceedings of the Madras Government, Revenue Department,
9th June 1876.*

Read the following letters :—

No. 85. From Lieutenant-Colonel R. H. BEDDOME, Conservator of Forests, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Ootacamund, 30th May 1876, No. 737.

WITH reference to G.O., No. 617, of the 15th instant, I have the honor to inform you that I think Nellumbur and its vicinity the best locality for the *Castilloa*; I would advise, therefore, that Mr. Thwaites should be requested to forward the bulk of the plants intended for this Government direct from Colombo to Calicut by a B.I.S.N. steamer, advising the officer in charge of the Nellumbur Plantations when to expect them. Half of these should be planted at Nellumbur in the alluvial soil on the banks of the river, and the other half in the moister region at the foot of the ghauts, or at an elevation of 1,000 to 2,000 feet.

2. A few plants should be sent either to Calicut or Madras for transmission to the Burliar Gardens.

No. 86. From J. R. COCKERELL, Esq., Commissioner of the Nilgiris, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Ootacamund, 29th May 1876, No. 30.

WITH reference to G.O., No. 568, dated 3rd instant, Revenue Department, intimating the desire of the Government that the *Castilloa* may be tried at Burliar, and directing me to ascertain and report the number of plants required, and the mode in which they should be procured, I have the honor to state that Mr. Jamieson informs me he is of opinion the *Castilloa* will do very well at Burliar. He suggests 100 plants of this species and of the *Hevea* should be obtained, if available, from Kew, and despatched so as to reach Madras not later than the middle of September, which is the favorable season for putting out plants in this locality. The plants should be established in small pots and packed in a Wardian case.

No. 87. ORDER THEREON, 9th June 1876, No. 766.

Forests, No. 5.

ORDERED that the following letter be despatched to Mr. Thwaites, of the Peradenia Gardens, requesting him to

despatch the plants intended for this Government direct from Colombo to Calicut by a B.I.S.N. steamer, and to advise the officer in charge of the Nellumbur Plantations of the date of despatch and the probable date of arrival at Calicut.

2. Lieutenant-Colonel Beddome will issue special instructions for the careful prosecution of the experiment, and arrange for the careful transmission of the plants from Calicut to the sites intended. He will supply the Commissioner of the Nilgiris with 100 plants for experimental cultivation at Burliar.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

Lt. Colonel R. H. Beddome
Conservator of Forests.

The Honorable D. F. Carmichael
Secretary to Government
R. D.

Sir,

With reference to the Government order No. 617 of the 15th instant, I have the honor to inform you that I think Nellikumbur and its vicinity the best locality for the Castilloa. I would advise therefore that Mr. Thwaites should be requested to forward the bulk of the plants intended for this Government direct from Colombo to Calicut by a B. I. S. N. Steamer, advising the Officer in charge of the Nellikumbur plantations when to expect them. Half of these should be planted at Nellikumbur in the alluvial soil on the banks of the river, and the other half
