*Proceedings of the Madras Government, Revenue Department,
13th June 1876.*

No. 142. Read the following Proceedings of the Board of Revenue, dated 30th May 1876, No. 1,423 :—

Read the following letter from F. R. H. SHARP, Esq., Acting Collector of Nellore, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 22nd May 1876, No. 1,322.

STANDING ORDER No. XX. of 1872 provides for partial remission of assessment on irrigated land where there has been a partial loss of crops in those districts only which have not been settled by the Settlement Department.

2. This district has been so settled, and the revised rates were introduced in Fasli 1282; consequently, according to the letter of the above Standing Circular, I am prohibited from granting the above indulgence.

3. But partial remissions were allowed at last year's settlement, and partly in consequence of that and partly from oversight of the provisions of the Standing Order I have been granting the same this year without first asking the Board's sanction.

4. Considering the unfavorable nature of the season generally as regards wet cultivation, and the particular hardships to which the ryots of the villages injured by the flood of 1874 are exposed, together with the recent introduction of the new settlement, I have the honor to ask retrospective and prospective sanction for granting partial remissions where apparently necessary; and, as the settlement is now going on, I purpose, in anticipation of the Board's sanction being accorded, continuing to make such a concession at this year's Jamabandi.

THE grant of remission for partial loss of crops on irrigated lands is sanctioned as a special case wherever the Collector is satisfied that it is absolutely necessary, but the concession must not be allowed to form a precedent. It was never intended that the indulgence should be granted in settled districts, and the provisions of the Standing Order, which are clear, should not have escaped notice. The Board presume that the remission has not been granted with reference to individual losses, but has taken the form of a per-centage reduction of the demand in the tracts which have suffered.

THE BOARD OF REVENUE.

REVENUE.

Govt. of 1876

No. 1,423.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 30th May 1876.
Read the following letter from F. R. H. SHARP, Esq., Acting Collector of Nellore,
to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue,
dated 22nd May 1876, No. 1,322:—

STANDING ORDER No. XX of 1872 provides for partial remission of assessment
on irrigated land where there has been a partial loss of crops in those districts
only which have not been settled by the Settlement Department.

2. This district has been so settled, and the revised rates were introduced in
Fasli 1282; consequently, according to the letter of the above Standing Circular,
I am prohibited from granting the above indulgence.

3. But partial remissions were allowed at last year's settlement, and partly
in consequence of that and partly from oversight of the provisions of the Standing
Order I have been granting the same this year without first asking the Board's
sanction.

4. Considering the unfavorable nature of the season generally as regards
wet cultivation, and the particular hardships to which the ryots of the villages
injured by the flood of 1874 are exposed, together with the recent introduction of
the new settlement, I have the honor to ask retrospective and prospective sanction
for granting partial remissions where apparently necessary: and as the settlement
continuing to make such a concession at this year's Jamabandi.

THE grant of remission for partial loss of crops on irrigated lands is sanctioned
as a special case wherever the Collector is satisfied that it is absolutely necessary,
but the concession must not be allowed to form a precedent. It was never intended
that the indulgence should be granted in settled districts, and the provisions of the
Standing Order, which are clear, should not have escaped notice. The Board
presume that the remission has not been granted with reference to individual
losses, but has taken the form of a percentage reduction of the demand in the
tracts which have suffered.
