Irrigation.

Accounts.

Read the following papers :—

No. 63. Endorsement of the Secretary to Government, Revenue Department, dated Fort St. George 9th March 1878.

Proceedings of the Board of Revenue dated 16th February 1878, No. 426.

From W. S. FOSTER, Esq., Collector of the Godavery District, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Cocanada, 29th January 1878, No. 36.

REFERRING to G.O. of 17th July 1877 No. 2,323, Revenue Department, communicated with Board's Proceedings, Miscellaneous No. 10,804, dated 3rd August 1877, I have the honor to request that the Board will be pleased to move the Government to pass orders in the Public Works Department, as stated in the above-mentioned Government Order, on the subject of the boats built to supply means of crossing irrigation channels.

2. In paragraph 3 of my letter, dated 4th March 1877, No. 86, I requested the Board to authorise me to use the boats constructed from the Canal and Ferry Funds at places where they are most urgently require, though they are not under the Act I of 1870. As no final orders have yet been passed, the boats are still allowed to continue to rot in the canal at Dowlaishweram.

3. I must also point out that these boats are taking up a great deal of room in the canal, which had better be spared for ordinary traffic boats going to and fro.

4. I must also take this opportunity of mentioning with reference to the 4th paragraph of the Board's Proceedings, remarking that I was wrong in disbursing from the funds the cost of the boats built by contract, that had I not done so the contractor would certainly have brought a suit against Government for the amount, and Government could not have pleaded that they were unable to pay till they had settled what head of account the money was to be debited to, and the consequence would have been that Government would have had to pay the original amount, interest and costs of the suit.

SUBMITTED for the early orders of Government with reference to G.O., dated 17th July 1877, No. 2,323.

2. The Board have already expressed the opinion that the boats should be used under the Public Works Department at the crossings for which they were intended, and the Collector should arrange with the Superintending Engineer accordingly instead of allowing the boats to rot.

(A true Copy and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

No. 228 I.

TRANSFERRED to the Public Works
to G.O., 17th July 1877, No. 2,323, R

nt for early disposal with reference
