It is not possible to compare the areas under Holdings and Cultivation with those of Fasli 1283, as the figures entered in the last year's report represented holdings in some cases and cultivation in others. On the whole, the seasons were favorable and the cultivation was on the increase.

REWADA.—The decrease is partly due to the decrease in the holdings and partly to remissions on account of waste.

KAPILESWARAPURAM.—The increase is due to the irrigation works having been put into an efficient state of repairs.

IRUNGADUKOTTA *cum* LATTUR.—The decrease is not explained by the Collector. He has been called upon to supply the omission, as the decrease could not be the result of the estate having been restored to the proprietor two months before the close of the fasli.

URKAD ZEMINDARI.—The increase was in a great measure due to larger outturn of coffee and to increased cultivation.

7. The variations in the other estates are too small to call for remark.

8. COLLECTIONS OF THE CURRENT DEMAND.—The collections of Fasli 1284 do not on the whole show an improvement over those of the preceding year. The following statement exhibits the percentage of collections on the demand of Faslis 1283 and 1284, respectively:—

9. SALUR.—The Minor's uncle to whom the estate had been rented out fell into arrears, and the estate has been consequently taken under the direct

management of the Court since the expiration of the fasli. The Collector has made arrangements to collect as much of the arrears as possible, but as the renter is stated to possess no property, the Court apprehend that a large portion of the amount will have to be ultimately written off the accounts as irrecoverable.

10. IRUNGADUKOTTA *cum* LATTUR.—The estate was made over two months before the close of the fasli; hence the large balance.

11. RAMNAD.—The large balance in this estate is stated to be due partly to the difficulty of collecting from the ryots the price of the Melwaram produce made over to them owing to the fall in prices and partly to the inefficiency of the Tahsildars. The Court have requested the Collector to take notice of the remissness on the part of the taluq officials, and also to report whether it is desirable to continue the practice of making over the Melwaram produce to the ryots, and whether the produce, if taken in kind as was formerly done, cannot be readily sold in the market and the price realized.

12. In the other estates no explanation is afforded; the balances, however, are on the whole small.

13. COLLECTIONS OF ARREARS.—The arrear demand in Fasli 1284 was on the whole less than that of Fasli 1283, and hence the falling off in the collections as will be seen from the subjoined statement:—

19. RECEIPTS.—The large increase in Kavalapara is owing to the sum of Rupees 52,000 borrowed of Government having been shown under Receipts, and that in the Partible Property of Urkad, to the interest on Government Securities having been drawn this year with arrears. The other variations are generally accounted for by those in the current and arrear demand and collections already explained.

20. CHARGES.—*Purla Kimedy.*—The charges incurred during the year exceeded those of the past by Rupees 11,766 as exhibited in the margin.

50. The increase under Item 3 is due to part of the peishcush of Fasli 1283 having been paid in the year under report.

51. The decrease under Item 4 is due to the non-payment of the road-cess payable on the Kesanakurru portion of the estate for the year.

52. The increase under the head of Maintenance was sanctioned in Court's Proceedings, dated 19th May 1874, No. 1,167. The remaining items call for no special remark.

55. *Chundi.*—The details of expenditure under several items are given in the margin compared with those of Fasli 1283.

56. The increase in Item No. 2 was in consequence of extensive repairs to Irrigation Works. The Collector has been requested to explain the discrepancy pointed out by the Sub-Collector in paragraph 12 of his letter.

57. The decrease of Rupees 271 in Item No. 3 appears due to payment in Fasli 1283 of Desamuke Russums for two faslis.

58. The Government commission for the management of the estate remains undrawn this year also. In paragraph 12 of the Court's Proceedings, No. 1,031, dated 26th April 1875, the Collector was requested to explain why the commission for Faslis 1283 and 1284 had not been paid. No explanation has been furnished up to date. The Collector has again been requested to explain the matter.

59. The large increase under Miscellaneous was due to the purchase of diamond earrings, &c., (Rupees 1,111) to the expenditure (Rupees 2,250) incurred on account of the proposed marriage of the Minor's sister and on the occasion of another sister of the Minor attaining maturity. The other items call for no remark.

60. *Irungadukotta and Lattur Estates.*—The annexed abstract shows the charges of the estate :—

Government Commission	63	109
Maintenance	840	810
Sundries	1,648	864
Total ...	3,912	2,976

61. The increase under Establishment is due chiefly to the employment of an Amin sanctioned in Court's Proceedings, dated 23rd April 1875, No. 3,330, and to the payment of a large amount of arrears of salaries to the Manager and other servants.

62. The decrease under Land-cess is owing to the payment of arrears in Fasli 1283.

63. *Naraganti.*—The subjoined abstract statement shows the charges for the fasli compared with those of the preceding year.

	Fasli 1284. Rs.	Fasli 1283. Rs.

Total...	21,146	25,935

64. The total charges are Rupees 4,789 less than those for Fasli 1283. The decrease is mainly due to the payment of arrears of maintenance allowance in Fasli 1283 and to the short expenditure under the head of Law Charges and Maramut. There was some delay in the execution of the works, as the District Engineer was unable to get the necessary estimates prepared. An Overseer has been since appointed by the Court, and it is reported that work to the amount of Rupees 3,400 has been done, though not yet paid for. The Court trust that there will be no further difficulty in finishing the works, and that the Collector will be able to show better results during the current year.

65. *Chinnamanaikan Polliem.*—The charges incurred within the fasli, comprising the items as per margin, amounted to Rupees 4,425. Subsequent to Fasli 1284, however, a sum of Rs. 1,545 appears to have been spent on account of Fasli 1284, and a sum of Rupees 84 has still to be expended on account of the same fasli.

69. The increase in Item 2 is due to the payment in Fasli 1284 of a portion of the kist of Fasli 1283. The decrease in Item 7 is due to the larger portion of the money sanctioned for the marriages of the eldest proprietor and his sister having been disbursed in Fasli 1283. The other items call for no remark.

71. The increase in Item 1 is due to the entertainment of temporary hands to superintend the harvest. The increase in Item 3 is owing to the addition to lands by purchase at Court sales and to extra cultivation. The decrease in Item 6 is due to the death of a widow in the latter part of Fasli 1284.

72. The increase under Miscellaneous is due to the refund of the money deposited by lessees owing to the expiration of the lease.

73. The other items call for no remark.

Other charges	1,236	351
Total...	8,035	12,291

75. The increase in Items 1 and 5 is due to the fact that the estate was under the Court's management in Fasli 1283 for a portion of the year only. The decrease in Item 3 is stated to be due to want of funds sufficient to meet the whole demand, the total arrears of Government assessment being Rupees 7,116 as noted in the margin. The increase in Item 4 is due to no commission having been credited to Government in Fasli 1283, in which year the estate came under the management of the Court. The commission relating to the receipts of one year is generally credited to Government in the accounts of the following year.

76. Of the amount entered under Miscellaneous, the only item which calls for remark is that of Rupees 4,000 expended in purchasing lands. The Collector states that the one-third share of the late proprietor (the other two-third share which belongs to the Minor and his brother not being liable for the debts) were decreed to creditors and put up for sale by Court, but as there were no adequate bids, some of the lots were purchased on behalf of the Minors.

80. The net decrease of Rupees 1,39,120 under the head of charges was due mainly to the repayment to Government in the preceding year of Rupees 1,37,067 advanced by them in the lifetime of the late Zemindar for the payment of certain debts. The Special Assistant in charge of the estate considers that a sufficient sum is not expended on irrigation works, and promises a separate report on the subject. The Court await the report.

81. *Bodinaikanur.*—The decrease of Rupees 49,297 under expenditure, as shown bellow, was mainly due to special charges incurred in Fasli 1283 on account of the marriage ceremonies of the minor and his younger uncle:—

82. *Guntamanaikanur.*—The charges of the fasli exceeded those of Fasli 1283 by Rupees 73,726 as shown in the margin. The increase is chiefly due to the payment of Rupees 67,000 to one Oolagappa Chetty, being the amount decreed by Privy Council, and to the large expenditure of Rupees 10,825 incurred on the demarcation and survey of the estate.

86. The increase under Item 1 is due to the entertainment of a larger establishment to complete demarcation and survey as fast as possible. The decrease under Item 4 is due to a greater portion of arrears for two faslis having been paid in Fasli 1283. The increase under Item 6 is owing to the yield of lands assigned for the maintenance of members of the family having been greater this year. The other items do not call for remark.

87. *Maniachi.*—The particulars of charges are as shown below :—

88. The decrease in Item 5 is due to payment in Fasli 1283 of Government commission for two faslis. The increase under Item 6 was caused by the purchase of a house, a pony, and furniture for the Minor Zemindar. That under Item 7 was owing to the payment to certain members of the family of allowances withheld from them under Court's Proceedings of June 1872, with a view to compel them to move off the estate which was considered necessary in the interests of the minor. The Collector has not explained the circumstances under which the allowances have been paid, whether the relations have removed or whether their leaving it is considered no longer necessary. The Collector has been requested to supply the omission.

89. The other items do not call for remark.

90. *Singampatti.*—The charges have decreased by Rupees 10,709 as will appear from the statement given below :—

91. The decrease under Item 1 is due, 1*st*, to the salaries of Curnums (219 Rupees) being now shown under Deductions and Remissions instead of under Salaries; 2*ndly*, to the decrease of Rupees 357 in the pay of the Manager; and, 3*rdly*, to the reduction (Rupees 22) in the Forest Establishment.

92. The increase under Item 3 is owing to the revision of land-cess and to the increase of land-revenue. The decrease under Item 4 is attributable to the fact that the payment in Fasli 1283 included arrears.

93. The other items do not call for remark.

Proceedings of the Madras Government, Revenue Department,

94. *Urkad.*—The charges consist of the following items :—

7. Payment of debts	26,137	11,738
8. Miscellaneous	3,371	5,913
Total ...	53,757	37,716

95. The decrease in Item 1 is due to Curnam's pay (Rupees 416) which was in Fasli 1283 shown under this head being now shown under Remissions and Deductions. The decrease under Item 3 is owing to the payment of arrears in Fasli 1283. The increase in the last item is chiefly due to the payment of Rs. 2,084 on account of an appeal to the Privy Council and to the increased expenditure on the coffee estate.

96. The other items do not require notice.

97. *Samattur and Kottampatti.*—The charges of Fasli 1284 were Rs. 11,462 against Rupees 8,680 in Fasli 1283 as shown below :—

98. It will be seen from the above that the charges of Fasli 1284 exceeded those of Fasli 1283 by Rupees 2,782. The increase is mainly due to the expenditure incurred on account of the demarcation and survey of the estate.

99. *Erumaputty and Palayapolliem.*—The charges incurred under the several heads are detailed in the margin. They do not, however, represent the entire cost for the year. Item 1 does not include the salary of the Manager and his establishment who were only entertained at the close of the fasli, and the full amount for the maintenance was not drawn as the ward was taken away to Madras by her sister for a considerable part of the year.

100. *Kavalapara.*—The total charges of the year amounted to Rupees 81,242 against Rupees 36,143 in Fasli 1283 as shown in the margin, but, excluding the amount appropriated to the payment of debts, the actual expenditure incurred in the management of the estate was only Rupees 20,309 or Rupees 2,386 less than that of Fasli 1283. The decrease is due to large expenses incurred in Fasli 1283 in connection with the annual ceremony of the deceased Nair.

101. *Item* 4.—This is the commission due to Government for their management of the estate for Fasli 1283. In calculating the commission, the Collector has included Rupees 4,000 borrowed from Government in Fasli 1283 under Receipts. This amount should, however, be left out of calculation as not forming a portion of the collections. The correct amount of Government commission is Rupees 508 or Rupees 60 less than the amount charged. The Collector has been requested to adjust the difference in the accounts.

102. The increase under Item 7 is explained to be due to several temples belonging to the estate having been repaired during the year, but the causes of the variations under the remaining items have not been explained by the Collector; he has been requested to supply the omission.

103. Public Works.—The following comparative statement exhibits the maramut expenditure of the several estates for Faslis 1283 and 1284, and the percentage of the total expenditure on agricultural works to the revenue derived from irrigated lands:—

112. *Salur.*—The balance due by the estate is as shown in the margin. Creditors Nos. 1 and 3 are being paid according to the terms of the bonds, and the other two have not appeared to claim the money.

113. *Meringhy.*—Of the balance entered as due to the estate, only a fourth will fall to the share of the minor when the property is divided among the several sharers under the sanction conveyed in the Court's Proceedings, No. 2,037, of the 21st July 1875. Steps are being taken for the realization of the money due.

114. *Kapileswarapuram* cum *Kesnakurru.*—The balance is leviable by annual instalments.

115. *Gopalapuram.*—Of the debts (Rupees 73,919) due to the estate only Rupees 2,367 were collected during the year. Arrangements are being made for the collection of the remainder. Most of the debtors reside at Vizagapatam, and the Court have appointed the Collector of that district to manage the minor's property in that district and to collect the debts.

116. *Chundi.*—Of the debts due to the estate only a very small sum (Rupees 160) was realized in Fasli 1284. In paragraph 17 of their review of the last year's report, the Court requested the Collector to explain the cause of delay in the collection of debts. No explanation has been furnished. The Collector has been again requested to report.

117. *Agharayarayangudi.*—The liability of the estate to the claims of the creditors being doubtful, the Court have requested the Collector not to liquidate them unless a decree of the Civil Court is obtained by the creditors. As regards the debts owing to the estate, Rupees 396, due by paupers, have been ordered to be written off the accounts. Rupees 265, for which a decree is stated to have been obtained, were not collected, as the execution was barred by the law of limitation. The Collector has promised to report why the execution of the decree has been allowed to be barred.

118. *Shealli.*—The only debt due by the estate is Rupees 253, which is the balance due by the late proprietor to a certain pagoda at Shealli on account of the subscriptions collected by him for making jewels for the idol. The amount was kept back under the orders of Mr. Burrows pending the production of some authority for receiving the amount. The Collector now states that it is impossible for the Temple Manager to produce any authority of the kind required, and proposes to make jewels with the money and to hand them over to the pagoda. The Court have sanctioned the Collector's proposal. Of the debts* due to the estate, decrees have been obtained for Rupees 33,450, and the amount will shortly be realized; Rupees 4,863 are due on bonds, &c., remaining to be collected in due course; and Rupees 19,456 are stated to be irrecoverable for the following reasons:—

119. The Court have authorized the Collector to write off all the above items with the exception of No. 4 which should be retained upon the books on the chance of the debtors becoming hereafter possessed of property.

120. *Vettangudi.*—The debts due by the estate including interest but exclusive of the advance made by Government since repaid amounted to Rupees 1,36,478, made up of the following items:—

Rupees	59,312—Decrees in course of execution for this amount.
,,	10,000—Due on a bond which has been declared by the Civil Court to be fraudulent.
,,	5,591—Suits are pending.
,,	2,359—Creditors have agreed to amicable settlement.
,,	59,216—Parties have not taken any proceedings.
Total...	1,36,478

121. The above does not represent the entire amount of the debt. It only consists of those debts for which any documents at all have been filed, nor are the minors responsible for the payment of the whole sum. According to the line of defence taken, the minors are responsible only for one-third of the debts, and decrees are being executed to that extent only. The debts due to the estate amounted to Rupees 13,003 (exclusive of Rupees 2,385 realized within the fasli). Of this amount, Rupees 480 due by nine Porokudies is recommended to be written off the accounts, as one of them has cleared off the debt, though the bond remains uncancelled, and the others are paupers. The Court have approved the Collector's recommendation. The remaining debts are in the course of collection or investigation.

122. *Ramnad.*—The debts due by the estate are not stated, as the correct amount has not been ascertained. The Collector has been requested to get this information and lay it before the Court as soon as possible. The debts due to it were Rupees 12,889 at the end of the fasli after deducting remissions, amounting to Rupees 6,209, which are irrecoverable. Arrangements are being made for their collection.

123. *Chinnamanaiken Polliem and Oothappanaikanur.*—The Collectors concerned have not ascertained the debts of these estates. They have been requested to cause inquiries to be made and report the result.

124. *Ettiapuram.*—The debts due to the estate amounted to Rupees 65,404 at the beginning of the fasli. Of this, Rupees 1,934 were remitted. Rs. 18,589 were realized partly (529) in cash and partly (18,060) by the purchase of six villages belonging to a judgment debtor. The balance amounts to Rupees 44,881, consisting of the following items:—

	Rs.
Due on Decrees and Razeenamahs	28,602
,, on Bonds and Accounts...	16,279
Total...	44,881

Steps have been taken for collecting the first item, and, as regards the second, a large portion of the amount appears to consist of monies advanced to ryots for purposes of cultivation and of arrears of rent charged on waste lands. The Deputy Collector in charge of the estate considers that the recovery of these sums by regular suit would be difficult. The Collector promises a separate report on the subject which is awaited.

125. *Urkad.*—Of the balance due by the estate at the end of the fasli, Rupees 8,940 have been liquidated subsequent to the fasli, and certain creditors with doubtful claims to the extent of Rupees 3,589 were referred to Civil Courts. The remaining debt amounts to Rupees 5,027, to meet which the Collector reports that the balance in hand is sufficient. The debts due to the estate at the end of the fasli amounted to Rupees 849, the greater portion of which the Collector states may eventually have to be remitted. Besides the above, there is a separate debt, amounting to Rupees 27,246, due to the estate, for which a coffee estate is held on usufructuary mortgage. No portion of it appears to have been paid during the year. The Collector has been requested to report the conditions regarding interest, &c., on which the land is mortgaged, and the annual yield of the land, and whether it is advantageous to continue the mortgage or to obtain payment.

126. *Urkad partible Estate.*—The debts due by and to the several sharers are shown below :—

127. Of the debts due to the estate, Rupees 7,853 were ordered to be written off the accounts. The remainder, which is the interest accumulated on the amount already written off, has been ordered to be struck out from the accounts. The debts due by No. 3 were contracted by his mother; but the Civil Court having held in a suit brought before it by a creditor that the minor was not responsible for the debts thus contracted, other creditors have not ventured to put forward their claims. The Court are of opinion that these debts need not be shown in the accounts in future.

Court's Proceedings, dated 9th December 1875, No. 3,318.

128. *Erumapatty* cum *Palayapollicm.*—The debts due by and to the estate are not known, as the documents and accounts relating to debts, &c., are locked up in a room in the ward's house, the keys of which are with her sister. The Collector has been requested to report how he proposes to obtain possession of them.

129. *Kavalpara.*—No debts are due to the estate, but the debts due by it at the commencement of the year, exclusive of the Government loan, were Rupees 62,190, which, together with the interest thereon during the year, amounted to Rupees 64,019; of this, Rupees 60,933 were liquidated during the year, leaving a balance of Rupees 3,086. This sum is claimed by two individuals, but as satisfactory evidence could not be adduced in support of their claims, the Court ordered them to be repudiated. Suits have been instituted by these creditors as well as by some others, who have apparently put forward fictitious claims; the result of the litigation is awaited. Out of the Government loan of Rupees 65,000 sanctioned in G.O., dated 23rd July 1874, No. 918, Rupees 52,000 were utilized during the year; this, together with the interest thereon, amounted to Rupees 54,226 at the end of the year. The amount will be repaid gradually in accordance with the

terms of the loan. The Collector has been instructed to see that the interest is regularly paid each year.

130. EDUCATION.—A statement in the form prescribed by Government in their Order, dated 29th October 1874, No. 1,379, showing the educational progress of each minor is annexed.

131. Of the several wards under the charge of the Court, those named in the margin were not under tuition either because they were of unsound mind or of weak intellect, or because they were females whose age and position prevented their being instructed. Since the expiry of the fasli, however, the Court have secured a female teacher to the minor of Kapileswarapuram.

132. Education is being imparted to all the other minors, and their conduct has been on the whole good. The Court are endeavouring to bring to Madras as many minors as possible and place them under the superintendence of a competent and a well-paid European Tutor. The only ward who is now reading at Madras is the proprietor of Bodinaikanur. He is assisted by a private tutor at home.

133. The estates to whch any Chuttrums are attached are those noted in the margin. The receipts and charges during the year were as shown below :—

134. GENERAL REMARKS.—*Purla Kimedy.*—The transactions of the Forest Department have not been successful this year, notwithstanding the employment of a Special Overseer. Mr. Davidson thinks that the Overseer was not allowed enough latitude; moreover, sufficient time has not elapsed for any results to be shown. The conservancy of the Purla Kimedy Forests appear to be attended with some difficulty, owing to the reckless felling of trees by the Sowrahs who clear jungles for cultivation. The Collector has been requested to give his particular attention to the subject, and do what he can to improve the conservancy.

135. *Barwah.*—The minor of this estate having attained his majority during the year, the Court ordered that it be made over to him. But from the Collector's statement it appears that the proprietor has not taken charge of it, although he was requested to do so.

136. *Chinnamanaiken Polliem.*—The Collector has applied for an advance of Rupees 5,000 under the Land Improvement Act as the Irrigation works are stated to be out of order. The Court have called for certain information, on the receipt of which necessary measures will be adopted for obtaining the loan. The revenue in this estate has not hitherto been leviable at fixed instalments. The Court have sanctioned the introduction of a Kistbundy on the scale now in force in the neighbouring Government Taluqs.

137. *Ramnad.*—In Fasli 1283 endeavours were made to introduce a money-assessment in lieu of the waraput or sharing system, but the attempt failed owing to the opposition of the ryots. Mr. Turner remarks that, even if the introduction of a money-assessment be impossible, a survey of the estate is very necessary, and promises a report on the subject. The Court are of opinion that, when funds can be made conveniently available, a survey is very desirable, and they will be glad to consider the question again when the promised report is received.

138. *Ettiapuram.*—The survey of this Zemindary has been completed. It shows an increase of 4,803 acres in the occupied area, which the Collector states will bring an increase of revenue of Rupees 7,122. The Collector has been requested to report how the increase was calculated. The cost of the survey up to date is not given, but it is stated that it will come to nearly Rupees 53 per square mile, which is Rupees 13 in excess of the original estimate.

139. In the other estates, there is nothing particular for remark beyond the points already noticed.

Extract from the Report of the Inspector of Schools, 1st Division, on the Examination of the Minors (Kimedy, Jalantra and Seerghur.)

1. "The two most advanced are the Senior Kimedy and the Jalantra Minors."

2. "On the whole, both boys did very fairly indeed. Their knowledge of Grammar, in all three languages, was weak. They failed, too, more or less in translating into Telugu an easy passage out of the 2nd Madras Reader. I tested both boys in their ability to converse in English, and they acquitted themselves very creditably, the Jalantra Minor having the advantage; he was also able to repeat a little English Poetry and to give an explanation of the meaning. In Geography, both boys seemed well acquainted with the Maps of Europe and Asia, the Kimedy Minor having the advantage here. The English Copywriting is very fair."

3. "The Sergugada and Junior Kimedy Minors did very fairly, considering the short time they have been under Mr. Taylor's care."

No. 285. ORDER THEREON, 28th June 1876, No. 862.

Miscellaneous.

AT the close of Fasli 1284 (1st July, 1875) there were 32 estates the proprietors of whom are wards of the Board of Revenue. Of these persons, twenty-four are boys under age; five are women,—three under age, and two who, though they have attained their majority, have not sufficient "means, ability and discretion" to manage their properties;—while the remaining persons are lunatics.

2. The total rent-paying acreage figures as 751,437, the aggregate assessment payable thereon being nearly 13 lakhs, deducting the remissions granted; or about Rs. 1-13-0 the acre. In one case, Kavalapara, a Malabar estate, the acreage is not known, but the property yields Rs. 29,363. The *miscellaneous* land-revenue of all the estates is given at Rs. 7,95,968; so that the grand total of the rent rolls comes to 21¼ lakhs nearly.

3. The aggregate debts due to and by the estates reach to about 3½ lakhs respectively. The balances to credit are a little over 36 lakhs, *viz.*, 26 lakhs invested in Government paper, and the rest in cash. Since the close of the year, the Court has made further investments in Government paper, to the amount of 1¾ lakhs. The interest from invested funds, including some petty rents of houses, amounted to Rs. 2,71,082.

4. The charges aggregated Rs. 19,58,089, *viz*:—

		Rs.
(*a.*)	Government peishcush	7,82,413
(*b.*)	Local cesses	1,78,798
(*c.*)	Establishments	1,78,835
(*d.*)	Repairs to tanks, &c.	1,12,872
(*e.*)	Government Commission, at 1½ per cent.	26,848
(*f.*)	Maintenance and Education of Wards	1,36,573
(*g.*)	Allowances to families	51,560
(*h.*)	Payment of debts	1,79,192
(*i.*)	Miscellaneous	3,10,998

The last item is large, and should have been explained; it includes, it is presumed, marriage expenses and family ceremonies.

5. Of the total rents payable within the year, 82 per cent. only were realised in that period, and up to date of accounts being made up previous to the submission of the report. The per-centage of balance outstanding is, in some cases, extremely high, as will be noticed below. There is also due on account of rent in arrears for previous years a sum of Rs. 3,32,545, making a total outstanding balance of 6½ lakhs, after deducting considerable sums which have been written off as "irrecoverable."

6. This condition of things is very unsatisfactory. In the case of the land-revenue payable to Government for the same period, the balance, instead of being 18 per cent. of the demand, was 1·9 only; while the balance of the Arrears Demand of the entire Presidency was Rs. 9,90,000 only. The contrast should stimulate the officers concerned to greater diligence in this branch of their duty.

7. The Government now proceed to review the reports of the several estates, district by dis

GANJAM.—Here there are three* properties in charge of the Court of Wards. A fourth, "Barwah," a small estate of two villages, has been handed over to the proprietor in the course of the year. Its condition is good, but the conduct of the owner has of late years proved far from satisfactory. The "Parla Kimedy" estate has been managed by Government officers for more than forty years, owing, first, to the minority, and afterwards to the imbecile condition of the Zamindar. Roads, tanks, and other improvements have been steadily carried out; but there is always a large surplus, and the amount invested in the public funds is now 20 lakhs of Rupees. Except "Rámnád" in the Madura District, it is the most important Zamindari under the Court's control. The present year has been marked by a great extension in the cultivation of Sugarcane and Indigo. In the year 1868, a new classification and assessment was imposed. The Principal Assistant states that owing to its inequalities and high rates "the ryots, *I am informed by the Manager*, are gradually becoming impoverished." The officer who carried out these measures had great experience of the district, and the Acting Collector, Mr. Davidson, remarks: "I can only say that, having just completed my tour through Parla Kimedy, I found the crops magnificent and the people contented and happy. I had no complaints on the subject under notice, although the people were not backward in making known whatever grievances they had." The Principal Assistant, it is observed, has been called upon for further explanation. The FORESTS of this estate are receiving due attention. Sál (*Shorea robusta*) abounds, and Teak is now being planted.

The "Jalantra" and "Seerghur" estates are also in good condition; and it is very satisfactory to learn that the boys of all three families are being educated together at Kimedy under an English tutor (Mr. Taylor, late Head Master of the Cuddapah School); and that they show intelligence and docility. Nothing is said of any instruction being given to the daughters† of the Parla Kimedy Zamindar.

"Rewada"[a] and "Merangi"[b] are under good management. The two minors, aged thirteen and seven, respectively, give good promise in their studies. The case of "Salur" is in every respect very different. The Zamindar is now seventeen; he became a ward at eleven: he is at the High School, Vizianagaram, where he is in the 3rd class only; he is, however, naturally deficient. But nothing can be more unsatisfactory than the condition of the estate. It is rented to his uncle for Rs. 83,822, and when in August last this person was superseded by a Manager appointed by the Court of Wards, he owed the minor Rupees 85,211-6-5; and has no property which can be made answerable for the debt. A recent Act* extends the age of majority in the case of mir s under the Court's

* No. IX, 1875.

jurisdiction from eighteen to twenty-one; and the Collector's explanation is, that, "with the impression that the estate would be made over in June 1876, when the minor becomes eighteen, and that the minor would forego any amount of arrears that might accrue owing to the extravagance of the members of the family, the minor's mother and her party appear to have acquiesced in the renter's extravagance and allowed him to withhold money that should have been paid to the credit of the estate, *in consideration of sharing in the profit*, but finding that the estate would not be made over to him till he is twenty-one, they commenced to quarrel with each other." This account does not exculpate the Collector, who is much to blame for allowing things to come to this pass. Besides the present loss, the estate is a lakh of Rupees in debt. The Government do not understand the Court's scruple to sanction the Collector's proposal that the minor should be partly indemnified by the resumption of the lands which were assigned to the late renter for his maintenance, as a brother of the late Zamindar—a small money allowance being paid to him instead. The Government would go further, and cut down the allowances which have been set apart for the other members of the family, who have joined in or connived at the shameful plunder that has been committed. The Court should call for constant and full reports of the measures taken by the Collector to redeem the past, during the three years of minority which still remain.

9. Godavari.—Of the three estates in this district, one is insignificant; two considerable. The owners of the first and second are women, minors; the third proprietor is a boy of eleven. There are balances to the credit of each property. The Gopalpuram minor resides in the Vizagapatam District. He has been ordered by the Court to attend school at Vizianagaram.

10. Nellore.—The "Chundi" estate is the only one under management. It opened the year with a balance of Rs. 68,000 to its credit; but of the entire demand, current and arrears, amounting to Rs. 85,421, as much as Rs. 30,456, or 35·6 per cent., was outstanding in October, four months after the close of the fasli year. No explanation is offered. The Zamindar (16) and his brother (13) are not regular (especially the former) in attendance at school. The Government suggest it would be expedient, considering the vicinity of Nellore to Madras, to send the boys to a Seminary at the Presidency Town. It should be explained how it is they are now at a Missionary school, with reference to the general prohibition of Her Majesty's Government in such cases.

Proceedings of Government, 6th June 1866, No. 1,361, enclosing Secretary of State's despatch, (Revenue), No. 56, 1865, paragraph 8.

11. Chingleput, "Irangadukotta *cum* Lattur."—This small estate (Rs. 7,000 per annum) was brought under the Court of Wards seventeen years ago, in which interval it has doubled in value. It has now been made over to the proprietor, with a cash balance of Rs. 22,000, on his attaining eighteen, which event took place on the 3rd May 187[illegible] Act IX, 1875, making twenty-one the age of majority, was passed on the 2[illegible]rch preceding, but it provides that the new law should come into force three months afterwards. It is to be regretted that this youth thus escaped its effect, as three years more might have done much for his defective education.

12. North Arcot—Has one estate, "Naragunti." The demand, current and arrears, was Rs. 33,482; the collections were good. The minor, aged fourteen, is at the Zillah School; his disposition is good, but he is "spoilt a good deal by those about him." The Court contemplate his removal to the Hindu Proprietary School at Madras, which appears judicious.

13. South Arcot.—"Chinnamanaiken Polliem" consists of two small villages, the property of an elderly widow. The estate is managed by the Tahsildar under the orders of the Collector, who appears to do all that is necessary in the matter.

14. Tanjore.—Two estates have been made over to their owners, during the year; they are inconsiderable. Two remain; one, Shealli, is large; the receipts during the fasli were 52,000, and there is a good balance in hand. The owner is a widow of nineteen years. The second "Vettangudi" is owned by two brothers; they go to the Anglo-Vernacular School at Shealli. Their income is small, and there are heavy debts; but the best is being done for them, under the circumstances.

15. Trichinopoly.—"Peramur," a small estate (receipts, Rs. 11,000) has been under management for some years, owing to the hopeless lunacy of the proprietor. There is a balance to credit of Rs. 24,000.

16. Madura.—There are five estates* in Ward in this district, the receipts aggregating 8 lakhs of Rupees. The first four are private tutor besides. No. 2, eight years [illegible] all in good condition; all with some, and the first two with very considerable balances to their credit. The proprietor of No. 3 is a widow, fifty-three years old; and No. 1, a boy of seventeen, is at the Hindu Zillah School. All three boys are reported to be well conducted. The property was heavily in debt, and to prev[illegible]ts attachment and sale by creditors, it was arranged that the Court of Wards s[illegible]ld mortgage it to Government for the sum of 12 lakhs, at 5 per cent. interest; [illegible]e money due to usurers amounting to upwards of 9 lakhs, and the rest bei[illegible] arrears of the Government peishcush. Negotiations are now pending with the c[illegible]itors for a final settlement.

The reports of the local officers sho[illegible] that the charge of the estate is a very onerous one; the tenures are varied an[illegible]ntricate, while past mismanagement has added to the general confusion. Improv[illegible]ment, however, is confidently looked for in all branches of the administration. The Court has issued due instructions, for the early recovery of the large balance (3 lakhs) still due by the ryots at the date of the report. The young Zamindar, now seven[illegible] years old, is reading with a private tutor, and the Inspector of Schools is pleased wit[illegible]h his progress. The Government will await an early report on the proposed survey [illegible]d settlement of this estate.

17. TINNEVELLY.—This district also contains some important charges. The first three estates were taken up by the Court in 1866, 1867, and 1872, respectively: they are now free from debt, with trifling balances in hand. The minors are all at the best local schools; but their attendance is irregular, and the Court are considering whether they shall not be brought down to Madras, with the exception of "Singampatti." who, though only seventeen years old, is already married and a father.

"Ettiapuram" came under the Court in 1872. Every attention has been paid to this property, which has now been nearly all demarcated and surveyed. There is a balance to credit of 3½ lakhs nearly. The minor will attain his majority in 1878; he was recently at Madras with a private tutor. The Court, it is believed, have lately permitted him to return home, where he has two wives. He has a brother, two years younger than himself, who is also receiving a suitable education.

18. COIMBATORE—Contains two petty estates, both the property of one youth. They are well managed, and attention is given to the education of the minor, who will be three years more under the Court's control.

19. SALEM.—Here eight villages, comprising two estates, belong to a lunatic female. They came under management in June 1874 only.

A recent Act extends the age of majority in the case of Minors under the Ct Jurisdiction from 18 to 21; and the Collr's explanation is, that, "until the information that the Estate wd. be made over in June/76, when the minor "becomes 18, & that the minor wd. forgo "any amount of arrears that might accrue owing to the extravagance of the "members of the family, the minor's mother "& her party appear to have acquiesced in "the waste & extravagance & allowed him "to withhold money that shd. have been "paid to the credit of the Estate, in consideration of sharing in the profits, but finding that "the Estate wd. not be made over to him till "he is 21, they commenced to quarrel with "each other". This account does not exculpate the Collr, who is much to blame for allowing things to come to this pass. Besides the present Estate is a lac of rupees in debt. The Govt

do not understand the
Ct's complete to sanction the
Coll's proposal that the Minor shd be
partly indemnified by the resumption
of the lands wh were assigned to the
late renter for his maintenance, as a
pensioner of the late Zy amildar — a small
money allowance being paid to him
instead. The Govt wd go further, & cut down
the allowances wh have been set apart
for the other members of the family, who
have joined in or connived at the shameful
plunder that has been committed. The Ct
shd call for constant & full reports of the
measures taken by the Coll to redeem the past,
during the 3 years of minority wh still remain.

Receipts
Nellamilli pád Rs 768.
Kapileswarapuram
cum Kesanakurru. 84,327
Gopalpuram 66,644.

9. Cocánada. Of the three Estates in this district, one is insignificant; two considerable. The owners of the first & second are women; minors; the third proprietor is a boy of 11. There are balances to the credit of each property. The Gopalpuram minor resides in the Vizagapatam district. He has been ordered by the Ct to attend school at Vizianagram.

10. Nellore. The "Chundi" estate is the only one under management. It opened the year with a balance of 66,000 Rs to its credit; but of the entire demand, current & arrears, amounting to Rs 185,421, as much as Rs 30,456 or 35-6 per cent was outstanding in October, 4 months after the close of the Fasli year. No explanation is offered. The Zamindar (16) & his brother (13)

are not regular (especially the former) in attendance at school. The Govt suggest it wd be expedient, considering the vicinity of Nellore to Madras, to send the boys to a seminary at the Pres[y] town. The Coll explained how it is they are now at a Missionary school, in reference to the general prohibition of Her Majesty's Govt in such cases.

11. Chingleput. "Tirupalaikolta cum Kattiri". This small estate (Rs 7000 per annum) was brought under the Ct of Wards 17 years ago, in wh interval it has doubled its value. It has now been made over to the Proprietor, with a cash balance of Rs 22,000, on his attaining 18, wh event took place on the 3d May '75. Act IX/75, making 21 the age of majority was passed on the 2d March preceding; but it provides that the new law shd come into force three months afterwards. It is to be regretted that this Govt has escaped its effect, as 3 years more might have done much for his defective education.

12. North Arcot has one estate, "Narayuti". The demand, current & arrears, was Rs 233,482; the collections were good. The Minor, aged 14, is at the Zillah School; his disposition is good, but he is "spoilt a good deal by those about him". The Ct contemplate his removal to the Hindu Proprietary School at Madras, wh appears judicious.

13. South Arcot. "Chinnamanakkan Pillai" consists of two small villages, the property of an elderly widow. The Estate is managed by the Tahsildar under the orders of the Collr, who appears to do all that is necessary in the matter.

14. Tanjore. Two estates have been made over to their owners, during the year; they are inconsiderable. Two remain; one, Shelli, is large; the receipts during the Fasli were 52,000, and there is a good balance in hand. The owner is a widow of 19 years. The second "Vettangudi" is owned by two lobes; they go to the Anglo Vernacular school at Shelli. Their income is small, & there are heavy debts; but the best is being done for them, under the circumstances.

15. Trichinopoly. 'Peramur', a small estate (receipts, Rs11,000) has been under management for some years, owing to the hopeless lunacy of the proprietor. There is a balance to credit of £ 20,000 Rs.

16. Madura. There are 5 estates in Ward in this district, the receipts aggregating 8 lacs of rupees. The first four are all in good condition; all have some, & the first two have very considerable balances to their credit. The proprietor of No 1, a boy of 17, is at the Hindu Boarding school at Pundras; has a private tutor besides. No 2, eight years old, attends a taluk school in the district; No 3 is a widow, 53 years old; and No 4, who is 17, is reading at the Zillah School. All these boys are reported to be well conducted.

"Ramnad". This vast Zamindary, 2300 sq. m. in extent, with a population of more than half a million,

of the father of the present proprietor, born 16 years old, in February 1873. The property was heavily in debt, and to prevent its attachment & sale by creditors, it was arranged that the Ct of Wards should mortgage it to Govt for the sum of £ 12 lacs at 5 per cent interest; the money due to others amounting to upwards of 9 lacs, & the rest being arrears of the Govt peishcush. Negotiations are now pending with the creditors for a final settlt.

The reports of the local officers show that the charge of the Estate is a very onerous one, the tenures are varied & intricate, while past mismanagement has added to the general confusion. Improvement however is confidently looked for in all branches of the administration. The Ct has issued due instructions for the early recovery of the large balance (2 lacs) still due by the Ryots at the date of the report.

The young Zamindar, now 7 years old, is reading with a private tutor, & the Inspector of Schools is pressed with his progress. All Govt will await an early report on the proposed survey & settlement of the estate.

17. Tinnevelly. This district also contains some important changes. The first two estates were taken up by the Ct in 1866, 1867, & 1872 respectively: they are now free from debt, with trifling balances in hand. The Minors are all at the best schools; but their attendance is irregular & the Ct are considering whether they should not be brought down to Madras, with the

The Minor will attain his majority in
1881; he was recently at Madras under
private tutor. The Co., it is believed, have
lately permitted him to return home,
where he has two wives. He has a brother,
2 years younger than himself, who is also
receiving a suitable education.

18. Coimbatore contains 2 poligar estates,
both the property of one youth. They are
well managed, & attention is given to
the education of the Minor, who will be
3 years more under the Ct's control.

19. Salem - Here eight Villages, com-
prising two estates, belong to a lunatic
female. They came under management
in June '74 only.

20. Madura. The estate of Kavalapara, the
property of a Nair girl, 9 years old, is the
only one under the Co. The proprietrix
draws a "Malikhana" of Rs. 5709 & the
rents amounted to 30,000 more. The Govt.
lately advanced the Estate a loan of 65,000
& all until debts & tribal debts have been
paid. She has property also in Cochin terri-
tory, the surplus proceeds of which are made over
by that Govt. to the Collr. of Malabar, under a
