*Proceedings of the Madras Government, Revenue Department,  
7th July 1876.*

No. 67. Read the following Memorandum from the Under-Secretary to Government, Public Works Department, to the Secretary to Government, Revenue Department, dated Ootacamund, 27th June 1876, No. 989 :—

*Letter from the Government of India, No. 113 E.I., dated 3rd June 1876.*

REFERRED to the Revenue Department, with a view to the required explanation being furnished for the information of the Government of India. The expression "existing land assessment" is used in the letter from the Collector of Coimbatore, printed in Proceedings of the Revenue Department, dated 28th February 1876, No. 288.

(Signed) A. DEC. SCOTT, Major, R.E.,  
*Under-Secy. to Govt., P.W.D., Irrigation Branch.*

No. 68. ORDER THEREON, 7th July 1876, No. 914.

Irrigation, No. 10.

It is observed that the "Land Assessment" referred to is the assessment on certain lands sanctioned as an endowment for the maintenance of the channel establishment. This is found insufficient, and hence the increase applied for. The assignment of the land assessment appears to have been made at a very old date, and there is no objection to making a revision to meet the increased expenditure (Rs. 104) if the Government of Madras, by G.O. 25th October 1873, No. 1,173, in this connection, the particulars on the subject, will now be communicated to the Public Works Department.

2. The low rate of pay proposed for a Neerani is not due to any exceptional arrangement. It has been fixed with reference to the general standard of pay given to village servants in rural parts, and the nature of the duty to be performed, which cannot be very onerous. "Monigar" is a superior village-officer whose duties are those of a Superintendent; "Neerani" is a subordinate servant employed to look after irrigation works.
