MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No.	930	Press
B.P. No.		Mis.

Dated 11 - July - 1876 196 .

Not to be folded or roughly handled

No. 101. Read the following Proceedings of the Board of Revenue, dated 16th June 1876, No. 1,570:—

Read the following letter from J. HOPE, Esq., Acting Collector of the Godavery District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 26th May 1876, No. 141:—

I HAVE the honor to state that the Deputy Collector, on General Duty, requests that 23 cents of land referred to in the statement particularized below, may be made over to the villagers of Lingamboyenacherla in the Narsapur Taluq for the excavation of an irrigation channel from the Narsapur Canal for the supply of water to their fields, the extent of which is about Acres 200, liable to the water-tax of Rupees 800 a-year.

2. The Public Works Department decline to interfere with this work on the ground that it is a field channel, and as such they have no power over it; but they admit the necessity of the channel. Consequently, the villagers have of their own accord, and at their own expense, excavated the channel almost entirely, and have arranged with all the ryots, except with the owner of the 23 cents of land, who refuses to give it up on the ground that it is very useful for seed beds.

3. Translation (No. 1) of the written statement given by him is enclosed.

4. The Deputy Collector states that he has personally inspected the locality; that the required 23 cents form part of a large field containing not less than Acres 7.81, the soil of the whole of which is of the same description; and that consequently there is ample land to be used as seed beds, and considers that the objection raised by the owner is quite groundless. I agree with him and recommend that sanction may be obtained for the acquisition of the 23 cents in question under the Land Acquisition Act.

5. The estimated value of the land is reported to be Rupees 4-4-7, and this amount will be paid by the villagers as agreed to by them.

6. A draft (No. 2) of the Notification to be published by Government under Section 6 of the Act and a site plan (No. 3) are sent herewith.

ENCLOSURE No. 1.—Translation of written Statement.

ENCLOSURE No. 2.—Draft Notification.

ENCLOSURE No. 3.—Site Plan.

SUBMITTED for the favorable consideration of Government with the Board's recommendation that the land be taken up under the Act.

(A true Copy and Extract.)

(Signed)

C. A. GALTON,
Acting Secretary.

*Proceedings of the Madras Government, Revenue Department,
11th July 1876.*

No. 102. ORDER THEREON, 11th July 1876, No. 930.

Miscellaneous.

THE Board's attention will be drawn
to Clause 1 of Section 6 of Act X. of
1870, which provides that no declaration

under Section 6 shall be made unless the compensation to be awarded is to be paid out of *Public revenues*, or out of some Municipal Fund, or by a Company. In the present case, the value of the land to be taken up being proposed to be paid by the villagers themselves, the case hardly falls within the scope of the Act. But as the purpose for which the land is required is doubtless a public one, His Grace the Governor in Council considers that the legal objection to the issue of the declaration can be met by the compensation being paid in the first instance by Government, the future revenue that will accrue from the proposed work being sufficient consideration for advancing the small sum required. The following notification will accordingly be issued:—

NOTIFICATION.

UNDER Section 6 of Act X. of 1870, it is hereby declared that the land referred to in the annexed Schedule is required for a public purpose, *viz.*, the excavation of an irrigation channel to irrigate the fields of Lingamboyenacherla in the Narsapur Taluq of the Godavery District. A plan of the land referred to may be inspected at the Collector's Office, Godavery District.

District.	Taluq.	Village	No. of field required.	Extent required.
Godavery.	Narsapur.	Mogaltur.	93.	23 cents.
