G.O. No. / ~~B.P. No.~~	961	Press / ~~Mis.~~
Dated	17. 7. 1876	~~196~~

Not to be folded or roughly handled

No. 170. Read the following Proceedings of the Board of Revenue, dated 6th July 1876, No. 1,723 :—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 14th June 1876, No. 191.

In the Board's Proceedings, No. 1,032, dated the 4th May 1874, embodied in the Proceedings of Government, Revenue Department, No. 679, dated the 2nd June 1874, a list of certain proposed additions to the Sub-Collector's Cutcherry at Gooty was sanctioned.

2. The Sub-Collector had previously included a water-shed in his requirements, but, as there was a well close to, I intimated to the District Engineer that I did not see the necessity for it.

3. This well has since been repaired at a cost of some 200 Rupees, and contains particularly sweet water.

4. The Sub-Collector has addressed me again on the subject of the necessity of a water-shed, and wishes me to submit the matter for the orders of the Board. I have, therefore, the honor to forward copy of his letter, No. 220, dated the 31st ultimo.

Enclosure No. 1.

From C. J. CROSTHWAITE, Esq., Acting Sub-Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Gooty, 31st May 1876, No. 220.

The requirement of a water-shed for this office was brought to your notice in letters, Nos. 58 and 365, dated respectively the 28th of February 1874 and 1st August 1874. In reply, you referred me to paragraph 3 of your letter, No. 231, dated 11th February 1874, to the District Engineer, in which you had observed "a water-shed I do not think is required. Slight repairs to the well which is close to will be all that will be required."

2. With reference to this I would request that you will address the Board on the subject of this letter and obtain their sanction for the erection of a water-shed near this office. The out-houses, chiefly requisite for all public offices in this country, are, I am of opinion, latrines and water-sheds. As regards my own office, the former has been sanctioned, but no proposal has been made by you either to the Board or Government for the erection of the latter.

3. My office people have, therefore, at present to sit under a tree for refreshment in the afternoon, though caste prejudices prohibit Brahmins and other high-caste people from exposing themselves to public view when eating or drinking. Moreover, a tree does not afford shelter from wind or rain ; and it is too far for them to go home and return. Some offices have, I believe, been already provided with water-sheds, and such a necessary addition ought not to be denied to this office.

(True Copy.)

(Signed) J. H. MASTER,
Collector.

Submitted for the favorable consideration of Government.

2. The Sub-Collector suggests the construction of a tiffin-room for his clerks, for which no provision is made in the standard plan. As the comfort of

the clerks will be increased thereby at no great cost, the Board support the recommendation.

(True Copies and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

No. 171. ORDER THEREON, 17th July 1876, No. 961.

Miscellaneous.

THE Public Works Department will consider whether the improvement desired can be made without sensible addition to the original estimate sanctioned in their order, dated 10th October 1874, No. 2,900.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To the Public Works Department.
