No. 184. Read the following Proceedings of the Board of Revenue, dated 5th July 1876, No. 1,713 :—

Read the following letter from C. RUNDALL, Esq., Acting Director of Revenue Settlement, Madras, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 12th June 1876, No. 2,357-55 :—

THE calculation of the additional assessment chargeable for excess in minor Inams in Nellore was, under G.O., No. 948 of 30th May 1871, entrusted to the Settlement Department, and subsequently Mr. Banbury extended the operation to other districts under settlement.

2. I have the honor to inquire whether the operation should be generally undertaken by the Settlement Department, as I find Mr. Puckle issued instructions as under :—

“ The Deputy Director will please leave the assessment on excess Inam areas to be determined by the Revenue Officers in the Cuddapah and Kurnool Districts, as, strictly speaking, the work now occupying so much time and attention in the Kistna District forms no part of the duty of a Settlement Officer.”

3. The operation is not being attended to consequently in the Chingleput District; and if it should be undertaken under the Collector's orders, it is necessary that a ruling to that effect should be passed.

4. The operation does certainly occupy time and attention; and I consider it doubtful whether the regular Revenue Establishment, with their present multitudinous duties, have more time than we have to bestow upon the operation. It would more properly, I think, seem to form part of the settlement of a district, and can no doubt be more uniformly conducted by the department.

SUBMITTED for the orders of Government.

2. The Board are decidedly of opinion that the calculation of the assessment to be charged on the excess discovered in minor Inams forms a legitimate portion of the duties of the Settlement Department in those districts which are under settlement, and in view to uniformity of procedure and an early disposal of the matter, they would deprecate the transfer of the duty to the District Officers.

3. Although it is not expressly stated, Government, when passing the order quoted by Mr. Rundall, evidently contemplated the work being carried out by the department, and for four years subsequently the assessment on these excess Inams was made by the Settlement Officers.
