Read the following paper :—

No. 1. From Captain L. CONWAY, R.E., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, Irrigation Branch, dated Fort St. George, 21st December 1877, No. 78 I.

I HAVE the honor to request that you will move Government to issue orders regarding the detail in which Executive Officers should account for works chargeable to Revenue Maintenance and Repairs.

2. At present Executive Officers account separately for each individual repair operation, no matter how petty, and this requires that estimates shall be sanctioned and appropriations made in similar detail.

3. It appears to me that all that is necessary is that Executive Officers should account separately for each sub-head of the prescribed description, District Engineers sanctioning estimates and appropriating funds accordingly.

No. 2. ORDER THEREON, 4th January 1878, No. 1 I.
The Government concur with the Examiner.
