The ryots were asked whether they intended paying any portion of the compensation herein proposed, but they are unable to pay the amount. The owners consent to cede the land on payment of compensation at the rate of 30 Rs. an acre. As the land is valuable owing to its fertility, it is worth the money. Proceedings of the Board of Revenue, dated 28th January 1876, Miscellaneous No. 863.

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to the Secretary to the Board of Revenue, dated Camalapur, 8th December 1875, No. 493.

I HAVE the honor, in reply to the Proceedings of the Board of Revenue, No. 10,012, dated 6th November 1875, to state that there is no ayacut waste near the village of Arrikara available for the construction of houses.

From the application for house-site submitted on the 26th October last, it appears that 200 houses are to be moved. It seems extraordinary that so many should be affected in the way stated, and that the surplus channel of the tank, which cannot often have water in it, should produce such effects as described. The Collector is requested to furnish explanation on these points.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

Read also the following letter from J. H. MASTER, Esq., Collector of Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 9th June 1876, No. 182.

WITH reference to the Proceedings of the Board of Revenue, Miscellaneous No. 863, dated 28th January last, I have the honor to state that the existing village-site of Arrikara is acres 16-36-12 in extent, all of which is occupied. Some of the houses are very small, and the people are, therefore, in need of space for building about 140 additional houses; some of the land has been proposed for such houses, and the rest for the 60 houses that have to be removed owing to the inconvenience described in the application for land required for the village-site, dated 26th October 1875, No. 437. Copy of the Sub-Collector's letter on the subject is enclosed.

ENCLOSURE No. 1.

From C. J. CROSTHWAITE, Esq., Acting Sub-Collector, to J. H. MASTER, Esq., Collector of Bellary, dated ———, No. 210.

I HAVE the honor to reply to your foot-note of the 25th of February last on Revenue Board's Proceedings of the 28th January 1876, Miscellaneous No. 863, on the subject of fresh land required for building in the village of Arrikara, of the Alur Taluq.

2. The extent of the existing village-site is acres 16-36-12, all of which has been occupied. Some houses are very small, and the people are, therefore, in need of space for building about 140 additional houses.

*Proceedings of the Madras Government, Revenue Department,
24th July 1876.*

3. Some of the land has been proposed for such houses, and the rest for the 60 houses that have to be removed owing to the inconvenience described in my letter, No. 714, dated 18th October 1875.

SUBMITTED for the orders of Government.

2. Some of the ryots of the village of Arrikara, in the Alur Taluq, have applied for 6·87 acres of occupied land as additional village-site, partly because the existing village-site does not afford sufficient space, and partly because some of the houses are in such close proximity to the surplus channel of the tank that they are injuriously affected, and have become unhealthy. As no waste lands are available, and as the ryots are unable to pay the price demanded for the land, the Collector proposes to take it up and assign it to the applicants as payment to the owners of Rs. 206 as compensation, for which the sanction of Government is requested.
