GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

3rd June 1878, No. 2,372 W.

General.
Account.

Read the following paper :—

No. 14. From Lieutenant-Colonel J. BEATTY, R.E., Superintending Engineer, Godavery District, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 18th May 1878, No. 518.

As directed in G.O., No. 1,238, of 11th March 1878, I have the honor to report on the items making up the sum of Rupees 13,860.

2. I find that this was the sum at which the Executive Engineer in charge Eastern Delta estimated the cost of irrigating the 7,100 acres of land proposed to be irrigated under the Junction Canal, and the particulars of this estimate are given at paragraph 10 of his letter, No. 259, of 18th August 1876, printed with G.O., No. 2,776, of 17th October 1876.

3. As given in that paragraph the items making up the sum of Rupees 13,860 are as follow :—

	Rs.
Six sluices	4,460
Minor channels	7,900
Aqueduct over Kurada drain	1,500
Total ...	13,860

4. This does not correspond very exactly with the sanctioned estimate in which the only items under the head (3) Distributaries are—

	Rs.
Compensation for land	1,860
Six irrigation sluices at Rupees 760	4,560
Eight and a half miles of minor channels at Rupees 720	6,120
Total ...	12,540

The aqueduct over Kurada drain did not find a place in the sanctioned estimate.

5. The estimate was prepared and submitted by Lieutenant Campbell during my absence on leave, and I very much regret to find that when writing my letter, No. 2,803, of 6th January 1877, I did not detect the discrepancy between the report and the estimate.

6. The sum chargeable to Irrigation being corrected to Rupees 12,540, and the cost of that portion of the canal between the Cocanada Canal and the Chollangi Creek having been shown in the estimate sent with my letter No. 2,803 above mentioned, the sum chargeable to Local will have to be corrected to Rupees 98,650.

No. 15. ORDER THEREON, 3rd June 1878, No. 2,372 W.

RECORDED, in continuation of G.O., No. 1,238 W, of the 11th March 1878.
