To

The Secretary to the
Government of Madras

9 Douglas Crescent, Edinburgh
27th December, 1877.

Sir

I have the honour to forward by Book Post, a copy of my "Preliminary List of Places, Rivers &c, alphabetically arranged for the Imperial Gazetteer of India"

2. I shall be much indebted if you will cause the List to be carefully examined as regards the ^{of places} names within the Presidency of Madras, and I shall be very grateful for any corrections, additions or suggestions which you may favour me with. The List of Native States is being compiled in the Foreign Office, Calcutta, and I do not, therefore, venture to trouble you with regard to such territories lying within your jurisdiction.

3. The List has been compiled from two sources; from the literature of India, and from local information collected District by District by myself and by the Compilers of the Provincial Gazetteers. It endeavours to comprise all places which have played a conspicuous part in the modern history of India, or whose population or administrative importance entitles them to separate notice in the Imperial Gazetteer. As the first volume of that work will shortly go to press, I beg to solicit the favour of a reply at your earliest convenience. In event of no answer being obtained before the 1st July 1878, I shall assume that you are satisfied with the list as it stands. In the case of places further on in the alphabet, I shall always be happy to incorporate any suggestion or information up to the moment of going to Press.

I have the honour to be,

Sir

Your Most Obedient Servant

W. Hunter
