PROCEEDINGS OF THE BOARD OF REVENUE, dated 7th May 1878.

THE Board note that in the D. C. B. Statements received from the districts comparison is made with the results of the corresponding period of the preceding year. The collections in 1877 having been unusually low owing to the famine, it is useless to compare the collections of the present year with those of the preceding year. It is, therefore, requested that under "last fasli," the figures of Fasli 1285 may be entered from the month of April instead of those of Fasli 1286, and explanation given for the difference.

2. It is also requested that explanation may be given as to the cause of the balance of the Demand remaining uncollected. It should be stated why the balance remains uncollected, and what steps have been taken for the realisation of the same.

3. The following is the balance against each district under Land Revenue and Abkári up to the end of January 1878 :—
