This channel belongs to the Bhowany river irrigation and takes off at the Caniempolliem anicut. It is situated in a very jungly and feverish part of the

district, and considerable sums of money had been expended on its up-keep at a loss to Government. But before determining to abandon the work a change in its management was recommended; and in G.O., Revenue Department, No. 721, dated 12th May 1875 (G.O., Public Works Department, No. 50, 8th June 1875) the repairs were ordered to be made over to the Revenue Department.

The following is a statement of the expenditure on, and the revenue derived from, the channel :—
