Read the following paper:—

No. 156. From Colonel P. O' L, R.E., Superintending Engineer, Chingleput, to the Chief Public Works Department, dated St. Thomas' Mount, 3rd May o. 1,748.

In reference to G.O., No. 567 W th August 1877, I have the honor to forward the enclosed plan and estimate ing to Rupees 3,660, for constructing a retaining wall around the foundati he Taluq Cutcherry at Trivellore, for repairing the cracks in the walls of tl g, and for filling up the pond behind the cutcherry as suggested in your nc ed with the above Government Order; provision is also made for constructi b-soil drain around the building just below the foot of a clay puddle wall w proposed to place next to the retaining wall, the object of the sub-soil drain o catch the water percolating through the surrounding soil, and so allowing oundations of the building being kept as free from constant changes from sture to drought as possible. It is also proposed to sink a well in the cutcher mpound for the use of the employés and others attending the cutcherry on bu ss, as the pond which is to be filled up is said to have been hitherto used by the The Collector proposed that another pond be excavated in lieu of the one to be up. This, however, is objectionable, and hence a well has been provided for.

2. I have the honor to request ission to proceed with the work at once in anticipation of the sanction of the esti by Government, as it is desirable that the present dry season which is favorab r the execution of work of the kind in question should not be lost.

No. 157. Order thereon, ay 1878, No. 2,154 W.

The estimate, amounting to Ru 3,660, for constructing a retaining wall around the foundations of the Taluq rry at Trivellore, repairing cracks in the walls of the building, for filling up th behind the cutcherry, and providing a well, is sanctioned.

2. Funds are appropriated for t k from the Provincial Reserve.

3. This sanction has been regis as Provincial No. 21 B of 1878-79.
