Travelling allowance for Public Works Officers Central Provinces

Read the following Papers.

Letter from Chief Commissioner C.P.
No. 158/2154 dated 25th May 1868 and Enclosures

The Chief Commissioner in his communication above read, strongly represents the necessity for increasing the rates of travelling allowance at present in force, for Public Works Officers in the Central Provinces

Upon

Resolution.

Upon a general review of the facts adduced, it appears to the Governor General in Council that some extra allowance is certainly needed for Public Works Officers at Nimar, and at least a portion of the rest of the Central Provinces - in this view, His Excellency in Council has had prepared an abstract of the cases of extra allowances exceptionally sanctioned for some other Provinces, and on this, considers that either the rates allowed for Berar might be given for Nimar, and the Bombay rates for the rest of the Central Provinces South of the Nerbudda, or that the Bombay rates might be allowed throughout the whole recommended by the Chief Engineer, Major Pollard, appears excessive, and in the opinion of this Department can hardly be agreed to. The subject is so well known to Sir Richard Temple, that further observations in this Department appear to be unnecessary.

Order.

Ordered that this Resolution, the abstract referred to therein, and the papers above read, be forwarded to the Financial Department

Department for Consideration and orders.
