Not to be folded or roughly handled

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

25th April 1878, No. 621.

Read the following paper :—

No. 240. From Captain C. WALKER, Deputy Conservator of Forests on Special Duty, to C. G. MASTER, Esq., Secretary to Government, Revenue Department, dated Ootacamund, 8th April 1878, No. 7.

In resubmitting my letter, No. 3, as directed in Official Memorandum, No. 73, dated 21st ultimo, I have the honor to state that posts of the Australian timber trees would not answer as they are liable to decay.

2. I have, however, ascertained that stones which would answer the purpose well could be placed at an expenditure of not more than Rs. 1-8-0 each, which would bring the total expenditure within Rs. 500.

3. Should Government therefore consider the permanent pillars necessary, I would recommend that they should be of stone.

Enclosure No. 1.

From Captain C. WALKER, Deputy Conservator of Forests on Special Duty, to C. G. MASTER, Esq., Secretary to Government, Revenue Department, dated Ootacamund, 11th March 1878, No. 3.

In carrying out the enumeration and classification of the Cinchonas, I have, as already reported, found it necessary to sub-divide the years plantings, and it was my intention to mark each of the new sub-divisional blocks by one or more posts or pillars on which the year and sub-division and area of the block should appear thus $\frac{1865\text{-A.}}{\text{Acres } 4{\cdot}05}$

2. I find, however, that Teakwood posts suitable for the purpose would cost Rs. 5 each in the Government timber yard, and as we should require at least 200, hesitate to incur such an expenditure without sanction.

3. I have therefore the honor to submit it for the orders of Government. The posts are not absolutely necessary, but it is usual so to mark plantations (*e.g.*, Nelambur) that the years planting, &c., can be seen at a glance without reference to records.

4. I imagine that thin iron posts and labels such as are used in Botanical Gardens could be obtained from England at little cost and prove suitable. The Public Works Department or Superintendent, Botanical Gardens, Madras, might be able to afford information on this point, and meanwhile I shall make inquiries here on this point and cost of cut stones.

Forwarded through the Acting Commissioner, with copy of letter, No. 3, dated 11th March.

(Signed) C. WALKER, Captain,
Deputy Conservator of Forests,
On Special Duty.
