Proceedings of the Madras Government, dated 11th November 1876, No. 1,636, Revenue Department.

ABSTRACT.—*Establishment for registration of Trade between Madras and Bengal.*—Communicating to the Board of Revenue letter from the Government of India confirming sanction given to—, as well as the sanction accorded to the establishment for compiling statistics of the sea-borne trade.

THE Board did not reply to the Government Order read above, as from the papers noted in the margin it appeared that the report required was to be made by Mr. O'Connor.

21st August 1876, No. 1,145, paragraph 4.

3. In their letter printed with G.O., dated 10th April 1878, No. 572, the Government of India have called for monthly returns showing the trade across the frontiers of foreign European and Native territory. It is probable that some additional hands may be necessary in the districts on this account and perhaps in the Board's Office also.

4. More recently in their letter communicated with G.O., dated 10th May 1878, No. 723, the Government of India have asked whether it would not be possible to forward the monthly trade returns by the 21st instead of the 24th of each month, and the Board have in reply stated that it may be possible to do so if the district returns are received in their office earlier than at present, and with a view to secure this end Collectors have been called upon to state whether additional aid will be necessary. It is possible that some of them may ask for such aid; all the district reports however have not yet been received.

Proceedings, 11th June 1878, No. 1,560.

5. For the existing work, if the date of submission of accounts be left unaltered, the establishments do not require to be strengthened but their continuance on the present scale is absolutely necessary.

No. 119. Proceedings of the Board of Revenue, dated 25th October 1878, Miscellaneous No. 10,931.

IN continuation of Board's Proceedings, dated 30th September 1878, No. 2,679, the Board resolve to bring to the notice of Government that in the papers noted in the margin, the increase recommended for establishments required for compiling Trade Statistics in the Board's office was erroneously entered as Rs. 6,004, whereas the actual sum is only Rs. 5,920, as shown below. The difference of Rs. 84 has arisen from the fact that an increase of 2 and 5 Rs. allowed to the salaries of a Muchi and a Clerk in Mr. Pelly's arrangement was not taken into account in entering the figures under existing salaries.
