					A.—I am not sanguine that any part of the losses incurred from time to time by the resale of the several farms will be recovered. The amount will probably have to be struck off the accounts as stated in paragraph 3 of the Board's Proc., No. 1,374, dated 21st May 1878.
					B.—The renters of four taluks have been granted considerable remissions, and there appears at present to be no doubt of their liquidating their arrears.
					C.—Applications have been sent to the Collectors of the Districts in which the other defaulters are resident for the realization of the arrears. These are reported to possess some property in these districts. I am not in a position to state whether this property is sufficient to recover all the arrears, and have therefore classed them as doubtful.

(Signed) T. RAM ROW, for Acting Collector.

SUBMITTED to Government with reference to paragraph 2, G.O., dated 12th August 1878, No. 1,291.

2. From the statements submitted by the Collector, it appears that the abkari arrears at the end of Fashi 1287 amounted to Rupees 1,79,269, of which Rupees 26,139 have been since recovered, leaving Rupees 1,53,130 still outstanding. Remissions to the extent of Rupees 55,102 have been granted and deposits to the amount of Rupees 11,650 are available in reduction of the balance which will then stand at Rupees 86,378. Of this Rupees 23,697 are entered as recoverable, Rupees 40,521 as doubtful, and Rupees 22,220 as irrecoverable. Of the balance due Rupees 39,599 represent loss by resale of the farms; the Collector is not sanguine that any portion of this sum will be recovered, and states that it will probably have to be written off the accounts eventually. The renters of Madura, Tirumangalam, Dindigul and Pulney have received considerable remissions on condition that they give security for liquidating the balance of the claim against them before the end of the current fasli. As regards the remainder of the arrears steps have been taken to ascertain what property the defaulting renters possess in other districts and to proceed against them; they do not appear to be men of substance and but a small proportion of the sum classed as doubtful seems likely to be recovered.
