GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

16th January 1879, No. 109.

Famine Relief.

Read the following paper :—

No. 263. Endorsement of the Acting Chief Engineer for Irrigation, dated Fort St. George, 8th January 1879, No. 2-W.

Read the following letter from the Superintending Engineer, Fourth Circle, to Lieutenant-Colonel J. O. HASTED, R.E., Acting Chief Engineer for Irrigation, dated Coimbatore, 19th December 1878, No. 1,046-84. :—

I HAVE the honor to forward, for the sanction of Government from Famine Funds, the estimates (seventy in number) shown in the enclosed list for repairs to irrigation works in the Salem District.

2. Of these works ten belong to the Salem Division, sixty to the Oosoor Division. Of the ten estimates in the Salem, the excess on Nos. 1, 2, 3, and 10 is entirely due to famine, the value of work done being in each case less than the sanctioned estimate.

3. The remaining six estimates were roughly prepared and bore little or no relation to the work required to be done.

4. In the Oosoor Division there are sixty estimates; the first of these is that for the Allalum anicut and channel.

5. The excess expenditure requiring sanction is Rs. 2,110.

The state of the work is as follows :—

	Rs.
Amount of complete estimate at normal rates	9,710
Excess due to famine	2,009
Total Estimate ...	11,719
Amount already sanctioned	2,906
Balance requiring sanction	8,813
Value of work to date	3,007
Excess due to famine	2,009
Total Expenditure ...	5,016

6. The estimate for the completion of this work will be submitted in the ordinary way for sanction when funds are available; the sum required will be Rs. 6,703.

7. The total amount now requiring sanction for this work in the Famine Department is Rs. 2,110.

8. The remaining estimates are divided into eleven groups.

9. Of these the excess of those contained in groups 1, 4, and 9 are entirely due to famine, the actual value of work done being in each case less than the sanctioned estimates.

Proviso 3, 7, and 11 contain estimates which were commenced without sanction under Famine Rules.

Proviso Second 10 comprises estimates which were very roughly prepared in the first instance and bore little or no relation to the actual requirements of the work.

Proviso 9 and 8 contain estimates which were commenced on emergency at the request of the Collector without any previous sanction.

Group 6 comprises eight estimates which were commenced by the Revenue Department and handed over to the Public Works Department upon receipt of orders to that effect.

10. The total amount requiring sanction in the Famine Department for each division is—

		Rs.
Salem Division	... ...	6,813
Coimbatore Division	... ...	18,993

11. The works are all completed or stopped, and completion certificates are being sent in.

Acting Chief Engineer for Irrigation.

No. 264. ORDER THEREON, 16th January 1879, No. 100.

Miscellaneous.

THE actual expenditure on the works as detailed in the list submitted with the letter of the Superintending Engineer, Fourth Circle, amounting to Rs. 35,710-13-11, is sanctioned. The sanctions which have been taken on the original estimates appear from the list to be Rs. 10,827 and are cancelled. Of this sum, however, Rupees 2,000 was a sanction locally given for the Allalum anicut. The work to be done with this sum should have been included in the estimate formerly submitted and sanctioned in G.O., P.R. No. 722, dated 19th March 1878, and the sanction seems so far irregular.

2. The sanction to the estimate referred to in paragraph 5 of the Superintending Engineer's letter will, it is observed, have to be reduced by Rs. 3,007, the normal value of the work done for an actual expenditure of Rs. 5,016 now sanctioned.
