The increase in the other taluks is due to larger extent of dry lands brought under cultivation owing to the fall of seasonable rains during the current year.

Explanatory Memo — The increase in the collection of Land Revenue in all Taluqs except Chendragiry is owing to the collection of arrears outstanding at the beginning of the current Fasli and the decrease in Chendragiry is owing to Famine. The increase in the general Zemindaries and Palems is owing to the realization of arrears of previous Faslis and the decrease under Karvetinagaram Zemindary and other Palems is owing to the non payment of arrears due by them.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 21st December 1878.

Read Statements of Cultivation and Collections for October 1878; from North Arcot District, dated 22nd November 1878.

SUBMITTED to Government with reference to their Order, dated 29th November 1876, No. 1,855.

2. The area cultivated up to October is 426,921 acres and shows a decrease of 7,222 acres as compared with the average cultivation in the same period of the three years ending 1875-76. The decrease appears in the taluks of Chittur, Chandragiri, Palmanair, Polur, Wandiwash, and Wallajapet, and is stated to be due to ryots who had been employed on famine relief works having resumed cultivation when the season was a little too much advanced. The increase in the other taluks is stated to be owing to seasonable rainfall.

Cultivation up to October.

Average	434,143
