REVENUE DE RTMENT.

17th January 1 No. 119.

Read the following paper :—

No. 305. Proceedings of the Board of venue, dated 21st December 1878, No. 3,502.

Read the following letter from L. C. P. BYN, Esq., Accountant-General, to C. A. GALTON, Esq., Acting Se tary to the Board of Revenue, dated Fort St. George, 11th December 18 No. 6,809 :—

WITH reference to the Proceedings of G ernment in the Revenue Department, No. 1,625, dated the 8th October last, I hav he honor to request that you will be good enough to inform me before the comin aristmas vacation what sums have to be excluded under paragraph 2 of that order n the figures set down against each district in Board's Proceedings, No. 2,028, 20th July 1878.

2. I have no doubt that due consider n has been given to the effect of the change made in the Tinnevelly District in t preparation of the Board's Regular Estimate of Land Revenue for the current ar as well as in the ensuing year's budget. As regards the other districts I pre ne the change will not take effect till the commencement of the next official year.

3. I take this opportunity to request t the Board's estimate of Land Revenue receipts may be accompanied with a statemer giving details of the expected receipts under the minor head "Miscellaneous;" this information being necessary for entry in the consolidated estimate which this office has to submit. You will please note this request as applicable to your future estir tes also.

THE lists printed with G.O., dated 8 October 1878, No. 1,625, do not in every case specify the conditions of the gran and it is not therefore possible to state the exact sums which are payable for purpos other than religious service, and which have therefore to be excluded from the a ounts entered in Board's Proceedings, dated 20th July 1878, No. 2,028. It does not appear, however, that many such allowances have been included, and their tota sum probably does not exceed Rupees 20,000 at the outside.

2. In Tinnevelly the system of beriz deductions was introduced early in Fasli 1287 (1877-78), and this fact has been take into consideration in estimating the receipts of that district for the current and next year.

3. The Board have recently ordered* that effect should be given to G.O., dated 8th October 1878, in other districts also; but as this must be done in consultation with the parties concerned, and as the Collectors have been requested to report all doubtful cases for orders, the Board are not at present in a position to say to what extent the arrangements will be completed in the ensuing year, and by how much the Land Revenue receipts will be affected.

*Board's Proceedings, 25th November 1878, No. 3,136.

Under these circumstances, it seems to be best to provide for these charges for 1879-80 also as usual, though the full amount may not be required. The Board have in their budget of receipts estimated the Land Revenue irrespective of the beriz deductions to be granted in lieu of cash payments.

Sir,

With reference to the Proceedings of Government in the Revenue Department - No. 1525 dated the 8th October last, I have the honor to request that you will be good enough to inform me before the coming Christmas vacation, what sums have to be excluded under Para 2 of that order from the figures put down against each District in Board's Proceedings No. 2028 of the 20th July 1878.

2. I have a doubt that due consideration has been given to the effect of the changes made in the Tinnevelly District, in the preparation of the Board's Regular Estimate of Land Revenue for the current year as well as in

in the ensuing years' budget other districts. I presume it will take effect all the comme- ncement of the next official year.

3. I take this opportunity to request that the Board's Estimate of Land Revenue receipts may be accompanied with a statement giving details of the expected receipt under the minor head "Miscellaneous"; the information being necessary for entry in the collection statement which this office has to submit.
