PROCEEDINGS OF THE BOARD OF REVENUE, dated 23rd November 1878.

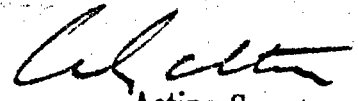

Read the following Proceedings of the Madras Government, dated 14th October 1878,
No. 816-I, Public Works Department:—

ABSTRACT.—*Financial Results of Irrigation under the Kistna Anicut.*—Passing orders upon the Revenue Department Proceedings communicating result of Mr. Wilson's inquiries as to the — for the twenty-one years (*i.e.*) 1855-56 to 1875-76.

INSTRUCTIONS for the preparation of the Irrigation statements for Faslis 1286 and 1287 will be issued as soon as orders have been passed by Government on Board's Proceedings, dated 30th July 1878, No. 2,103.

2. The Collector of the Kistna District is requested to report the revenue which may be fairly anticipated on the difference between the area now irrigated and the 470,000 acres for which it is intended to supply irrigation. The answer depends upon how much of the area newly to be brought under irrigation is Zemindari and Inam wet land not liable to pay water-rate, how much of the remaining area is now cultivated with wet and dry crops respectively, and how much is waste, and whether the population and agricultural stock in the tract to be affected by irrigation is sufficiently large to bring the area now waste under cultivation when irrigation is provided. The Collector is requested to give the above particulars and also to state within what time after the new channels are completed, the revenue he may estimate is likely to be realized.

(A true Extract.)

Acting Secretary.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.
„ the Collector of the Kistna District, with Government Order.

Copy to the Secretary to Government, Revenue Department.
