GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

6th January 1879, No. 13.

Read the following paper :—

No. 28. Proceedings of the Board of Revenue, dated 26th November 1878, No. 3,151.

Read the following letter from W. WILSON, Esq., Acting Director of Revenue Settlement, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madras, 6th November 1878, No. 2,771-71 :—

I HAVE the honor to forward a return of the work performed, and the expenditure incurred, during the second quarter of 1878-79 ending 30th September 1878.

2. *Cuddapah*.—Thirty registers of this partly-settled district were printed. The introduction of the new rates is in active progress in the Pullampet Taluk under the immediate supervision of the Acting Assistant Director.

In preparing the scheme for the settlement of the Sub-division taluks, Mr. Cox found it desirable to introduce five sorts in each class of soil instead of three and two as originally assigned to the regur and red series respectively, and as this could not be accomplished satisfactorily without inspecting the ground, he has been engaged in getting this done for the Rayachoti Taluk, for which survey maps and area lists are available. If the scheme is delayed till this revision is extended to all the four taluks, the introduction of settlement will not be completed by the end of 1879 as estimated by Mr. Puckle in his programme, but Mr. Cox reports the circumstances of all the taluks of the Sub-division to be so similar that the results for Rayachoti may be adopted without further detailed inquiry in the others. Full particulars will be laid before the Board and Government when forwarding the scheme for sanction.

3. *Kurnool*.—Sixty-two registers of this entirely-settled district were printed, leaving seventy-two more to complete the district.

4. *North Arcot*.—Mr. Rundall resumed charge of the Party No. III and commenced work in August last.

In this district the classification of Chandragiri and part of Chittur was performed in three sorts, while the rest of Chittur, Gudiyatam and Palmanair was classified in five sorts as sanctioned in G.O. No. 221, dated 15th February 1876, paragraph 3. In order to assimilate the basis of classification for all the taluks, Mr. Rundall undertook first to revise the classification in five sorts of those villages of Chittur in which it was performed in three while tabulating the details of classification for Gudiyatam in office.

Mr. Puckle proposed in his programme that the rates which may be sanctioned on the scheme submitted for the Telugu Taluks should be applied throughout the district without any fresh proposals for the other taluks. In order to give effect to Mr. Puckle's wishes, Mr. Rundall deemed it desirable to classify the Wallajapet Taluk and include it in the scheme as none of the Telugu taluks already classified are under the best irrigation in the district and the proposal being judicious has been approved.

5. *Chingleput*.—One hundred and thirty registers of this entirely-settled district were printed, and the others are in active progress.

6. *Ganjam*.—The settlement of the Berhampore Taluk was completed, and that of Berhampore is in progress.

7. *Tinnerelly*.—Forty-two registers of this entirely-settled district were printed, leaving only twelve to be struck off; these have been since completed.

8. *Coimbatore*.—Parties Nos. II, IV, and VI were moved into this district towards the end of July last. The work was commenced in the taluks of Satyamangalam, Palladam and Bhavani, and the preparation of accounts preliminary to settlement has far advanced, and some villages in Bhavani have been provisionally settled, pending the orders of Government on Mr. Puckle's proposals. Early orders are solicited.

9. The following statement exhibits the outturn of work and the cost for each district:—
