GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

24th November 1877, F.R. No. 2,893.

Famine Relief.

Read the following paper:—

No. 535. Endorsement of the Chief Engineer for Irrigation, Public Works Department, dated Fort St. George, 12th November 1877, No. 231-W.

Read the following letter from Major J. W. HINDLE, S.C., District Engineer of Kurnool, to Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated 3rd November 1877, No. 67-2,302.

With reference to your Memorandum, No. 18-C, 26th October 1877, I have the honor to inform you that the transfer of famine labor has not yet been completed.

2. I beg to enclose a copy of letter, No. 2,369, of the 1st November 1877, from the Collector.

3. The four Engineers for special projects have not yet made their appearance. As soon as the transfer has been completed, I intend ordering the commencement of works Nos. 41 and 42, and shall depute either Mr. Chrystie or Mr. Jenkinson, who have been posted to this district to the charge of No. 42. Mr. Johnston can also commence with No. 41.

Particular attention will be paid to paragraphs 4 and 6 of G.O., No. 3,027, of 29th September 1877.

ENCLOSURE No. 1.

From R. DAVIDSON, Esq., Acting Collector of Kurnool, to Major J. W. HINDLE, S.C., District Engineer of Kurnool, dated 1st November 1877, No. 2,369.

With reference to your letter, dated 27th October 1877, No. 161-2,218, I have the honor to inform you that I am strongly opposed to any large new work being undertaken before existing main roads are put in thorough order throughout the district. In all probability, they will furnish sufficient employment to relief coolies, who are rapidly decreasing in numbers, till the end of the famine.

SUBMITTED for the information of Government.

2. Work No. 41, the Cumbum Tank Channel improvements, has already, it is believed, made considerable progress under Mr. Johnston.

3. Work No. 42, the restoration of the Venkatareddipalem Tank, is the other work which the District Engineer proposes starting as soon as extra officers become available.

(Signed) J. MULLINS, Colonel, R.E.,
Chief Engineer for Irrigation.

No. 536. ORDER THEREON, 24th November 1877, F.R. No. 2,893.
