No. 30.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 9th January 1879.

Read the following letter from F. H. HERBERT, Esq., Acting Head Assistant Collector, to C. W. W. MARTIN, Esq., Acting Collector of Madura, dated Ramnad, 20th December 1878, No. 638:—

I HAVE the honor to report that from reports received from the Deputy Tahsildars of Tiruvadanai, Ramnad, and Mutukolatur it appears that throughout a greater part of these divisions there was a fall of rain on the 15th instant which is considered to have been very beneficial to Punjah crops. The fall was not heavy, and only in a few places it has put water in the tanks from ten to fifteen days' supply. There is no doubt, however, that the dry crops were greatly benefited by this fall of rain.

P.S.—Since writing the above I have received a report from the Deputy Tahsildar of Tiruchulai in which he says that on the 15th instant there was a fall of rain in the north and north-eastern part of his division beneficial to Punjah crops.

No. 515.

SUBMITTED to the Board of Revenue for information in continuation of this office letter dated 17th December 1878.

MADURA.
