No. 3/2.

CHINGLEPUT DISTRICT, COLLECTOR'S OFFICE,

From

J. F. Price Esquire

COLLECTOR OF THE

Chingleput District.

To

J. H. Garside Esquire

Additional Secretary to Government Revenue (General)
MADRAS.

Sir,

In reference to para 2 of the Circular Memo of Government Finance Department No 1694 dated 21 December last, I have the honor to forward a statement, in book form, showing the number of persons employed outwards under the supervision of the Revenue Department and the rates of wages paid to them from the commencement of Relief operations i.e. from the week ending the 27th November 1875 to the week ending 9th February 1878.

In a letter from
the Collector of Chingleput dated 24th Dec
1878 No 3/2.

Encl
29/12/78

the date of the submission of the first weekly return to Government.

2. The figures entered in this statement, for the period from the week ending 26th January to 27th May 1877 tally with those given for the corresponding period in the statement submitted to the Board of Revenue, excepting for the Congerain Taluq and the Poonamallee Camp of the Kadapet Taluq. In the return transmitted to the Board for the Congerain Taluq, the then Ag Tahsildar (Soma Mudara Moodally now Deputy Tahsildar of Congerain) computed the total number of Coolies for each week by multiplying by 7 the number on the last day instead of taking the total of the numbers employed daily throughout the week. This was certainly wrong

And ought not to have been ³⁶⁴ adapted. But no explanation seems to have been called for by the Account Department and the figures, as they were received, were embodied, without scrutiny in the general return. But these also, I beg to submit, do not tally for the periods noted in the margin, with the entries in statement at 2 furnished weekly to the Board. In fact the accounts of this Taluq were not correctly kept at first and it is therefore impossible to distinguish week by week the numbers employed there in from the week ending 27th November 1876 to that ending 17th March 1877, which were given in lump in the enclosed statement (1st item in the list).

In the statement transmitted to the Board of Revenue for the

4 Months above referred to, the numbers on the last day of the week were set down opposite to the Poor-mallee Camp instead of the total numbers actually employed during the week. - The figures again differ as already pointed out, for the marginally noted period from those entered in No 2 Statement.

3. As grain wages have not been paid here, the instructions conveyed in para 5 of the Circular, do not apply to this District.

4. I regret the great delay which has occurred in the submission of this statement. Several reminders were received on the subject and on each occasion the attention of the Account Department was drawn

to the matter. The delay was due to the non receipt of information from the Divisional Office and the fact that the statement was not submitted until the 14th inst. as will be seen from the statement explained above by no means complete. The particular dates of the information of the sliding scale were not given in the Remark Column and the dates of the latter part of para 3 of the Circular brought into force have been specified. I have however not delayed the submission of this statement as it is disgracefully overdue. I have called upon Fackildan for the exact dates and will report them as soon as information is received. I have the honor to be
