GOVERNMENT OF MADRAS.  
REVENUE DEPARTMENT.

10th January 1879. 46.

Read the following paper:—

No. 134. From R. W. BARLOW, Esq.,  
THOMAS, Esq., Acting Secretary,  
dated Ootacamund, 26th December

Commissioner of the Nilgiris, to H. S.  
Government, Revenue Department,  
No. 163.

I HAVE the honor to submit, for the  
estimate of the Botanical Gardens and Parks

of Government, the budget  
of Nilgiris for the year 1879-80.

2. *Receipts.*—The receipts are estimate  
the estimate for the current year, and against  
official year 1877-78. The increase is expected  
Burlar Gardens and sale of plants, &c., the  
and Kulhutti Gardens the income estimated is

Rs. 3,580, or Rs. 200 in excess of  
Rs. 2,987-10-3 for the past  
to be realised by the rental of  
m. As regards the Ootacamund  
same as for the current year.

3. *Expenditure.*—*Ootacamund Botanical*

*Gardens.*

(a.) *Fixed Establishment.*—The amount  
establishment is Rs. 5,760 for  
the current year. The increase  
the salary of Superintendent  
Rs. 220, plus horse allowance  
tendent of the gardens. He is  
sanction of the Honorable  
"Sim's Park," altogether a total of Rs. 300. These allowances  
were consolidated and fixed at the aggregate sum of Rs. 300 by  
G.O., No. 1,745, of 29th October 1878; which is debited to the  
Ootacamund Gardens in the present budget. The other items of  
charge are the same as for the current year and require no expla-  
nation.

of expenditure proposed under fixed  
an estimate of Rs. 5,160 for  
Rs. 600 occurs in the item of  
Hitherto Mr. Jamieson drew  
Rs. 30 per month as Superin-  
also drawing Rs. 50 a month under  
D. Sim from the allotments for  
of Rs. 300. These allowances  
the aggregate sum of Rs. 300 by  
which is debited to the  
in the present budget. The other items of  
require no explanation.

(b.) *Temporary Establishment.*—The amount entered under this head is the  
same as in the current year's budget. The temporary coolies are  
employed in re-forming old beds and making new ones and in  
miscellaneous work, for which the permanent staff of gardeners  
allowed is inadequate. The allowance of the last year (1877-78) were  
Rupees 4,037-13-5, so that the budget allotment proposed for the  
ensuing year is not high. In the absence of a regular estimate, I  
cannot say how much of the current year's allotment for temporary  
establishment has been utilised, and it is now too late to call  
for it from Mr. Jamieson, as the budget is already overdue. With  
future budgets the Superintendent will be directed to forward the  
regular estimate.

(c.) *Special Allotment.*—The usual sum of Rs. 500 is entered for develop-  
ing the vegetable products of other countries.

(d.) Under Medicinal Garden a sum of Rs. 500 is entered, same as in the  
current year's budget, for the extension and up-keep of the garden.  
Mr. Jamieson expects that the greater portion of this sum will be  
recouped during the year by sale of produce to the Medical Depart-  
ment.

(e.) Under "Contingencies" the same expenditure as in the current year's  
budget is entered.

The Secretary to Government  
Revenue Department  
Fort St. George.

Sir

I have the honor to submit,  
for the sanction of Government, the  
Budget estimate of the Botanical  
Gardens and Parks on the Hilgins  
for the year 1879-80.

2. Receipts. The receipts are esti-  
mated at Rupees 3,580. or Rs 200 in  
excess of the estimate for the current  
year, and against actuals of Rs 2987.10.3  
for the past official year 1877-78.  
The increase is expected to be realized.

in the rental of Bannu gardens  
and about the Bannu  
and against the Cotacum and  
Bannu gardens the income  
estimated is the same as for the  
current year.

3. Estimates. Cotacum &  
Bannu gardens

(a) Fixed establishment  
The amount of expenditure proposed  
under fixed establishment is Rs. 5,760  
against an estimate of Rs. 5,160 for  
the current year. The increase of  
Rs. 600 occurs in the item of the  
Salary of Superintendent. His salary  
the pensioner drew Rs. 220, plus  
house allowance of Rs. 30/- per  
month as Superintendent of the  
gardens. He was also drawing  
Rs. 50/- a month under pension.

of the Honorable J. E. Sim from  
the allotments for "Sim Park" -  
altogether a total of Rs. 300/- These  
allowances were consolidated and  
fixed at the aggregate sum of Rs. 300  
by G. O. No 1745 of 29 October 1878;  
which is debited to the Cotacum  
gardens in the present Budget.

The other items of charge are the  
same as for the current year and  
require no explanation.

(b) Temporary Establishment. The  
amount entered under this head  
is the same as in the current  
year's Budget. The temporary coolies  
are employed in reforming old  
beds and making new ones and  
in miscellaneous work, for  
which the permanent staff of  
gardeners allowed is inadequate.

The actuals of the last year (1877-78) were Rs 4,037.13.5, so that the Budget allotment proposed for the ensuing year is not high. In the absence of a regular Estimate, I cannot say how much of the current year's allotment for temporary establishment has been utilized and it is now too late to call for it from Mr Jamieson, as the Budget is already overdue. With future Budgets the Superintendent will be directed to forward the Regular Estimate.

(C) Special allotment. The usual sum of Rs 500/- is entered for developing the Vegetable products of other countries.

(2) Under Medicinal garden

a sum of Rs 500/- is entered - same as in the current year's Budget - for the extension and upkeep of the garden. Mr Jamieson expects that the greater portion of this sum will be recouped during the year by sale of produce to the Medical Department.

(C) Under "Contingencies" the same expenditure as in the current year's Budget is entered.

In para 9 of G.O. No. 1108 of the 25<sup>th</sup> June 1878 Government direct that the particulars of the contingent charges should be classified into.

- (1) Office contingencies
- (2) Other expenditure of a contingent character.

Under the first head come the following items referred to in the

accountant general's letter.

Limited postage amounting to Rs 15 annually.

Rates and taxes to himisfaints 150 - - - -

Clothing for servants - - - 50 - - - -

Under the other heads the following  
may be included.

Carriage of stationery amounting to Rs 10 annually.

Binding books - - - - 8 - - - -

Petty carriage charges - - - - 400 - - - -

Perns belts and badges

Repairs to furniture

Advertisements - - -

50 - - - -

Of the items above named  
the expenditure under "Petty Carriage  
charges" may need explanation.

The practice with the Garden  
Superintendent has been, I learn,  
to pay all expenses of transport  
of seeds and plants both from  
and to the Gardens and debit  
the expense to this item. When

any sale is effected from the  
gardens, the transmission charges  
are recovered in addition to  
the cost of the produce and  
credited to Government under  
the general head of sale proceeds  
of seeds and plants. When articles  
are ordered for the gardens, they  
are usually forwarded with  
the cost of carriage made payable  
at Potacamund, and in such  
cases the expenses are defrayed  
from the garden contingencies  
on the arrival of the parcels.  
The other items of "Contingencies"  
alluded to do not call for  
explanation.

Besides the above items,  
some 200 Rupees are annually  
incurred on account of

Remittance and Printing charges.  
Under the former, which absorbs  
the greater portion of this amount,  
are included the rate of exchange  
and commission on value  
of articles ordered for the gardens.  
It will be observed that  
nearly all the charges are  
fluctuating and that they  
cannot be limited to a fixed  
amount, with the exception  
of perhaps the items under  
the first head, or what is  
called the "Office Contingencies"  
and the first two items under  
the 2<sup>nd</sup> head, but the amount of  
expenditure being small, the  
variation - if any - will be  
slight and cannot materially  
affect the Budget allotment.

4 Burlier Garden. The amount  
entered in the Budget is Rs. 276/-  
being pay of one gardener at Rs. 15/-  
a month, and one gardener at  
Rs. 8 a month.

5. Kulhutti Gardens. The usual  
allotment of Rs. 180/- for 2 gardeners  
is made. The sale of this garden  
has been suggested in my report  
for the official year 1977-78, and  
in G.O. No. 1937 of the 3<sup>rd</sup> Instant,  
the Government direct that  
the proposal should form the  
subject of a separate letter,  
which will be submitted  
in a day or two. I would govern-  
ment agree as to the aduila-  
bility of disposing of this garden,  
no Budget allotment need be

mader.

6. Linis Park. A sum of £1,800 is entered in the Budget for this property against £2,500 for the current year. The expenditure proposed is at the rate of £150 a month and is for the payment of an overseer, purchase of tools, maintenance of fences, roads &c. &c. work of any importance is intended to be executed during 1879-80.

7. Stonehouse Park and Lunningdale property. The proposed expenditure on these properties during 1879-80 is £500 against £1,200 in the current year. The works intended to be

executed with the money are the fencing of that portion of the stone house adjoining the common road, maintenance of roads and upkeep of the grounds attached to the two properties.

8. Budget for 1879-80, as proposed, is therefore as follows
