Remarks.—Cultivation in Madras, Palay, Tirumangalam and Tiruchirappalli Tahsils is owing to the poor condition of the crops who have not as yet enjoyed the crops after they were relieved from the pressure of famine, to the extent of 100 per cent. in the beginning of this official year. In consequence of the want of rain in September and October, in the District of Madras, the collections are not having been realized according to the instalment referred to in G.O. No. 226, dated 1st March 1878. The collections in the District of Madras are not having been realized according to the instalment referred to in G.O. No. 226, dated 1st March 1878.

MADRAS,
12th November 1878.

2

SUBMITTED to Government with reference to their Order, dated 29th November 1876, No 1,855.

2. The area cultivated up to October is 499,539 acres, and shows a decrease

Cultivation up to October.

Average	ACRES.
In 1873	558,412
	499,539
	38,873

of 38,873 acres as compared with the average cultivation in the same period of the three years ending 1875-76. The decrease appears in the taluks of Madura, Tirunangalam, Dindigul, and Palney, and is ascribed to deficient rainfall and to non-receipt of cultivation accounts from certain villages in the Dindigul Taluk

owing to the sickness of the Curnamas. The increase in the other taluk is attributed to seasonable rainfall.

3. The collections for the same period amount to Rupees 15,92,819 against an average of Rupees 15,61,766. The increase appears in the taluks of Dindigul and Palney, and is ascribed to the collection of the large arrears which were outstanding at the beginning of the year. The decrease in the Madura, Tirunangalam and Melur Taluks is stated to be owing to the impoverished condition of the people, who have not as yet recovered from the effects of the famine; and that in the Periyakulam Taluk to the existence of less outstanding arrears.

4. It is observed that the total collections up to the end of the month are given as Rupees 15,92,819, whereas the sum entered in the Progress Report for October is Rupees 15,92,829. The Collector is requested to explain the discrepancy.

Cultivation
Decrease in Madras, Pulney, Trimmangalam and Quindigal Talugs is attributed to the deficiency of rainfall. The Tahsildars of Trimmangalam report that wet lands were not cultivated owing to the want of rain in Sept & Oct. In the Quindigal Talug the decrease is partly owing to the cultivation returned not having been realized from certain villages in consequence of sickness to the curmies.
Decrease in Melur & Pingakulam is due to the want of rain in the first part of the year.

Collection
Decrease in Madras, Trimmangalam and Melur Talugs is owing to the poor condition of the ryots who have not as yet enjoyed the crops after they were relieved from the pressure of famine and in Pingakulam to the small outstanding arrears at the beginning of this official year.
Decrease in Quindigal and Pulney is due to the collection of large arrears outstanding at the beginning of this official year.
Decrease in the High Treasury is due to the arrears of Pishkash of the Shivanunga Gaminidary not having been realized according to the statement referred to in L. O. No. 328 dated 1st March 1878.
