No 56 Pillaro Special Deputy
Collectors Office dated
Pillaro 1st February 1779.

From the Special Deputy Collector
Duckenghame Canal
Pillaro.

To J. Grose Esquire
Collector of Pillaro

Sir I have the honor to submit
herewith two Cobs, the one marked
A showing what was done by
me upto 31 January, and the other
marked B showing what remains
to be done on that date.
2 It will be observed from
the abstract marked B.
that there is still a sum
of Rs 13691-9-0 to be disbursed
for 10 Villages in the Kowdi
Mundaken and Angola Talugs,

and that Bills for Rs 8569–11–0 were submitted which we have received and debited by the Executive Public Works accounts will have to be disbursed also. Hence, the amount to be disbursed will be Rs 22061–4–0. I beg respectfully to state here that the disbursement of the sum of Rs 13691–9–0 will take at least a fortnight, as there are 10 villages situated in 3 Talugs to be paid.

3. Compensation has to be settled now in 22 Villages, in 7 Villages for lands affected by the main canal, and in the remaining 15 for additional lands now taken up for the enlargement of drainage channels and for the creation of Rest houses. I beg respectfully to state here that among the first named 7 there are four Zemindary villages; and that in these 4 villages much difficulty will have to be experienced to find out which are occupied lands which unoccupied, and also to ascertain the correct assessment the lands have been paying as no reliable accounts could be got in Zemindari Villages. Hence work remaining to be done in connection with the Compensation of lands affected by the Canal detailed in the list marked B. cannot in my humble opinion be completed before 3 months more the least. As I have only a limited Establishment, I am obliged to work after sunset on almost every day for some hours as the services of a Mussulji is indispensibly necessary.

2 Gokarini
3 Mukkalapudi
4 Mamidada
5 Challam
6 Pamarru
7 Chittanuru
8 Bugarazpolam

3. Besides the above, the measurement accounts of lands taken up for Irrigation Roads for

10 Kummaji Kandriga
11 Vadlapudi (Old)
12 Vemavaram

12 Villages noted in the Margin have been received. The total

length of Famine roads which are in all the Talugs in the District to 260 Miles and only about 50 Miles of road have been measured. The remaining 210 Miles have to be measured and Compensation settled for the whole length. Taxandan Note Subbiah is employed in measuring the Famine roads, and if Compensation is settled as the accounts are received, the work will be completed I believe in about 6 months.

NELLORE,
Collector's Office,
3rd February 1879.

From
THE COLLECTOR OF NELLORE,

To J. H. Garstin Esquire
Secretary to Government R.D.
Madras.

Sir,

With reference to the orders noted in the margin, I have the honour to submit Copy of a letter from the Special Deputy Collector appointed for Canal work which shows what he has done up to date. I think Government will agree with me that he has done as much as he could be expected to do in a month.

2. The Lands for which Government have sanctioned the appropriation expire on the 6th instant. Much still remains to be done. Rs 13491 already sanctioned remain to be disbursed. Compensation has to be settled from the beginning to numerous Cases and it will be specially difficult in 4 Zemindary Villages through which

which the Canal passes.

¶. The question about cutting turf for the Canal has become a returning question all along the line of the Canal and I fear that if the Lieuts of Peats are to take up the work it will not be finished for six months or a year, and will be a fruitful source of annoyance

¶3 I believe that how the District is without a paid Assistant Collector, I am justified in applying for an extra Deputy Collector. So far as the general administration of the District is concerned I had resolved in Consequence of the recent strict injunctions in favour of economy not to ask for one; but I think it my duty to do so rather than let the Canal work suffer as it must if we are left without a special officer.

¶4 I request orders by telegram if Sayram Inside is to vacate the Office or the 6th instant
