Municipal—Budgets.

Read the following papers :—

No. 130. *From A. McC. WEBSTER, Esq., President of the Municipal Commissions, Coimbatore, to the Acting Chief Secretary to Government, dated 25th December 1878. No. 287.*

I have the honor to forward the Budget Estimate of receipts and charges of the Erode Municipality for 1879-80.

2. No provision is made, in Statement II of the Budget, for contribution to be paid by the Municipality to Government in account of the cost of the Police Force employed in the town. I have called upon the Vice-President for information as to the actual cost of the Police employed in the town so that a contribution of 50 per cent. of the amount may be inserted in the Budget, as directed in G.O., No. 2195, dated 11th December 1878. Financial Department.

3. For the reasons stated in my letter of this date, No. 286, forwarding the Karur Budget, I think the receipts and charges of the License Tax should be shown. The figures are—

ENCLOSURE No. 1.

From G. McWATTERS, Esq., Vice-President of the Municipal Commission, Erode, to the President of the Municipal Commissions, Coimbatore, dated 16th December 1878, No. 114.

I have the honor to forward, for Government sanction, the Budget Estimates of receipts and expenditure of the Municipality of Erode for 1880.

2. The Regular Estimate prepared in the prescribed form is also enclosed.

3. It is estimated that the receipts for 1878 will be Rupees 8,446, including an opening balance of Rupees 400, or Rupees 1,024 less than probable receipts during the current year.

4. The decrease occurs under ten items of Opening Balance. Both Tolls and Market estimates, but the Contractor has applied for the present figures safe.

5. The estimated expenditure during 18 during the current year. This is exclusive of tl for which a balance of Rupees 760 is reserved. is Rupees 7,535 against Rupees 9,070 allotment required by Act VII of 1878,

6. Rupees 41 have been inserted as the College. The Government in G.O., Financial
 ipal contribution to the Madras Medical
 ment, dated 9th February 1878, No. 250.

directed a contribution of 40 Rupees to be provided for, but since then the Accountant-General's memorandum has been received in which it is entered as Rupees 41. This is probably the correct figure.

7. The principal item in the Budget which calls for any explanation is the allotment for building a Municipal Schoolhouse. There will be 800 Rupees available during the current year for this purpose, and the plan and estimate have been prepared and will be submitted for Government sanction. This would leave Rupees 650 to be provided for next year (1879-80). In case the Government decline to sanction the proposal, 800 Rupees additional will be available in 1879-80, which with the schoolhouse allotment for that year of Rupees 650 can be spent advantageously in repairing the town roads and drains.

8. It is proposed to have two Municipal Salary Grant Schools—one in Erode, and the other in Karungalpelayam, a hamlet of Erode.

9. The Deputy Inspector of Schools has not yet submitted his proposals on the subject, and mean while a sum of Rupees 591 has been provided for Education against Rupees 679 during the current year. It is thought that the number of masters may be reduced from four to three.

10. In accordance with the views of the Inspector of Vaccination a separate vaccinator for the Municipality on 10 Rupees a month has been provided for.

No. 131. *From Surgeon-Major W. R. JORNISH, F.R.C.S., Sanitary Commissioner for Madras, to the Acting Chief Secretary to Government, dated 8th January 1879, No. 22.*

I have the honor to bring to the notice of Government that ample provision has been made by the Erode Municipality for sanitary purposes during the year 1879-80, by an allotment of Rupees 1,794, or 21 per cent. of income.

2. Rupees 130 are set apart for Vaccination. This would leave Rupees 10 for contingencies, after paying for a second-class vaccinator. Hitherto one first-class vaccinator was employed to work both at Erode and Karur experimentally, but it is now proposed to employ a second-class vaccinator for Erode separately; which is, I think, a better arrangement.

No. 132. ORDER THEREON, 24th January 1879, No. 117.

In the following abstract the estimated receipts and expenditure of the Erode Municipality for the year 1879-80 are contrasted with the estimate and regular estimate of the current year:—

The Budget does not include the collections and payments to Government of the License Tax. The Government agree with Mr. Webster that the should appear as the Municipality is responsible for payment, whilst it is with it to collect. All Presidents of Municipalities will be instructed accord-

The total receipts, after this inclusion estimate for the current year of Rupees 8,569, including the License Tax. The total under Tolls and Miscellaneous estimate for 1879-80, which seems to

The Contribution to Government for Police. It will amount approximately Rs. 588, according to the statement of Police. This amount, as shown, will appear under Grant IV, and is approved. The allotment

will stand at Rupees 8,789 against a regular estimate of 9,843 and a sanctioned estimate, increase in the regular estimate falls Government accept the Commission is safe.

License has not been entered under Rupees 588, according to the statement of Police. This amount, as shown, will appear under Grant IV, and is approved. The allotment

for repairs of roads seems small. The Government appreciate the interest taken in Education by the Commissioners. Rupees 41 provided as contribution to the Medical College will stand, though the amount is only approximate, being fixed on the regular estimate of receipts. The employment of a second-class vaccinator for the town is fully approved.

5. The Budget does not call for further remarks and is passed.
