My dear Justin

Thomas has doubtless handed (with Compliments and)
over to you a D.O. letter I wrote him before I knew of his change of appointment, regarding Kancata Narasimha Row, Salt Dy Collr of Nellore (now on Privilege leave) whose retention and removal to Ongole has been recommended by the Board. I therefore enclose a letter which I have received about him from the Tellicherry Collector. You will see that if no other reasons existed his state of health must prevent his return to

duties in this dept. I have written to the Killah Berg on this opinion officially. It shall be sent in due course. In the meantime I hope Govt will remember that the manufacturing season is just beginning & that I have none in charge of Kistna.

In case Mr Thomas should have handed over to you any papers about Mr Cole's wish to join the Talbot Duncan as well mention that Mr Cole has now written & met with

his application & that effect as he does not think his health would stand the exposure.

Yours sincerely

It will be based upon how much

I cannot exactly state
