GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

13th January 1879, No. 76.

Read the following papers:—

No. 197. From J. B. SPEDDING, Esq., Deputy Director of Revenue Settlement, Ganjam, to W. WILSON, Esq., Acting Director of Revenue Settlement, dated Berhampore, 29th November 1878, No. 255.

At the end of 1876, in consequence of instructions to reduce expenditure as much as possible, and of the demand for Medical Subordinates in the Famine Districts, I recommended that the services of the Passed Hospital Apprentice in medical care of this Party should be dispensed with. This was accordingly done. The Party has since been employed only in the Berhampore and Chicacole Taluks, where medical attendance is within easy reach and no inconvenience has resulted.

2. But the case is now different. I have ordered a part of the field establishment to the Gumsur Taluk, and in a month or so nearly the whole of it will be employed there. Much of the part of the taluk to be dealt with by the Settlement Department is far from Russelkonda, where there is another Apothecary and a dispensary. There is a Police Hospital at Aska, which is conveniently situated for a portion of the Gumsur Taluk. There is a Pensioned Apothecary in charge, who, besides what he receives from the Police Department, is allowed by the Local Fund Board of Chatterpore Circle Rs. 15 a month for attending the poor. The Local Fund Board also provides medicines for this purpose. I am in doubt whether my men are entitled to medical attendance at Aska free of charge.

3. However this may be, there are parts of the Gumsur Taluk distant from both Russelkonda and Aska, and as some parts of the taluk are known to be unhealthy, it would be wise to allow us a Medical Subordinate for the next few months at least.

4. There is a Medical Subordinate in care of the Ganjam Survey Party which has been largely reduced and will soon leave the district. He might well be transferred to this Party. He has had a long experience of the Gumsur Taluk, and would no doubt be useful. I presume that a large number of Medical Subordinates are now being let go from the famine districts.

No. 1,395-46.

Submitted to Government with the request that a Hospital Assistant may, if possible, be attached to Mr. Spedding.

No. 193. From Surgeon-General G. SMITH, M.D., Indian Medical Department, to H. S. THOMAS, Esq., Acting Secretary to Government, Revenue Department, dated Fort St. George, 21st December 1878, No. 699.

In returning the documents referred with your endorsement noted in the margin, I have the honor to report, for the information of His Grace the Governor in Council, that in consequence of the notoriously unhealthy climate of Gam-sur, I am of opinion that the Deputy Director of Revenue Settlement and his establishment should be furnished with medical aid during their tour in the hill tracts of Orissa, and in anticipation of the sanction of Government, and in view of the approaching holidays, I have detailed a Medical Subordinate to join Mr. Spedding's Party at Berhampore.
